1 Project Description

Certain capitalized terms used herein shall have the meanings set forth in Section 7 – Definitions.

1.1 Introduction

On behalf of the City of Chicago (“City”) and in close coordination with the Chicago Department of Fleet and Facility Management (“2FM”), the Chicago Infrastructure Trust (“CIT”) is seeking a developer to design, build, finance, own, operate, and maintain (“DBFOM”), new ground-mounted solar photovoltaic (PV) electricity generation systems on City owned vacant land for the Chicago Solar-Ground Mount initiative, (“CS-GM” or “Project”).

The submissions (“Proposals”) received in response to this Request for Proposals (“RFP”) will be evaluated and ranked based on the criteria and process outlined herein. The top-ranked respondent(s) (“Selected Respondent(s)”) will negotiate, and ultimately execute, a Project agreement (“PA” or “Contract”) with the City and become the CS-GM developer (“Developer”), as described in this RFP.

1.2 Overview of Opportunity

The City of Chicago is invested in furthering the renewable energy economy in Illinois and ensuring that the expansion of the renewable energy economy benefits Chicagoans of all backgrounds. It has committed to using 100% clean and renewable energy in its public buildings by 2025. Now, in response to the incentives available through the State of Illinois Future Energy Jobs Act (“FEJA”), the City, through the Chicago Solar initiative, intends to promote and encourage clean renewable energy generation, within the City limits.

The Chicago Solar-Ground Mount Project incentivizes and catalyzes a local clean energy economy by offering below market rate long-term leases on select parcels of vacant City land when used for the generation of solar PV electricity. The City is offering the selected Developer a 25-year ground lease, with a rent of \$1 USD per year, for each of the identified sites. The City is also offering to purchase a portion of the power generated by the resulting solar PV systems (up to the maximum allowed by FEJA incentive programs for anchor tenants, where applicable).

The City has identified seven (7) City-owned sites, totaling approximately 30-acres, with potential for solar PV systems to be directly interconnected with the Commonwealth Edison (ComEd) electric grid. Detailed site information can be found in Exhibit B. This RFP solicitation is seeking Proposals for solar PV systems on one, several, or all of the potential sites.

A sample Subscriber Lease Agreement is provided in Exhibit C of this RFP. It is anticipated that the developer will retain ownership of all SRECs produced.

The Chicago City Council must approve and authorize any lease or other project agreement prior to execution.

1.3 Project Goals and Objectives

The CS-GM project is intended to highlight the City of Chicago’s commitment to renewable energy sources while demonstrating the viability of solar PV projects and programs within Chicago. The City is hopeful the CS-GM Project will catalyze and promote the solar energy economy within the City and is interested in all proposals that maximize benefits to the community.

The City anticipates the CS-GM Project will:

- Catalyze further solar development projects within the City;
- Incentivize *Illinois Solar for All* projects that provide low-income Chicago residents who live in Environmental Justice communities with opportunities to meaningfully participate in the solar economy;
- Provide opportunities for Chicago residents to purchase energy from renewable sources;
- Bring greater awareness to the general public about renewable energy production and avoided greenhouse gas emissions.

1.4 Procurement Timeline

The CIT anticipates, but is not bound to, conducting the procurement and implementing the Project on the following schedule:

4.1.1 Right to Exclude Proposals from Consideration or to Waive Mistakes

Those Proposals not responsive to the RFP may be excluded from further consideration. The CIT and the City may also exclude from consideration any Respondent whose Proposal contains any material misrepresentations.

Additionally, any one or more of the following causes may be considered sufficient for the rejection of a Respondent's Proposal regardless of Respondent's qualifications with respect to the other evaluation criteria set forth in [Section 4.3](#); this list of causes is not exhaustive, and the CIT and the City reserve the right to reject any Proposal in its sole and absolute discretion:

- Evidence of collusion among Respondents
- Non-responsibility, as determined by the City in its sole judgment and discretion

4.2 Scored Evaluation

Such Proposals that have been deemed responsive will be evaluated and scored according to each of the evaluation criteria described in this [Section 4.2](#). The following table provides a summary of the scored evaluation criteria categories and the relative weighting applied to the scoring of each:

Evaluation Criteria Categories	Percent Weighting
1. Qualifications and Experience	40%
2. Project Approach	35%
3. Workforce Utilization	25%

4.2.1 Qualifications and Experience

CIT will evaluate the Respondent's experience in successfully managing, designing, constructing and operating projects of similar scope and complexity, based on experience with the following:

- The extent and depth of the Respondent's experience with comparable projects;
- The extent and depth of experience of the Respondent's project management team and Key Personnel with comparable projects, project delivery methods, and roles;
- The demonstrated capability and experience identified in the Respondent's management structure and Key Personnel regarding design, construction, utility coordination, environmental mitigation, operations and maintenance;
- Designing and constructing within the City of Chicago, including interfacing with other contractors/projects in the local and immediate vicinity of the referenced Project;
- Preparing ready to issue construction documents in the City of Chicago, including experience with City of Chicago permitting and approval processes;

- Delivering quality projects on time and within the original budget;
- Safety record on the past projects;
- Operations and maintenance record with demonstrated consistent service provision without undue interruption;
- Demonstrated financial capability of Respondent to deliver Project.

4.2.2 Project Approach

i) Technical Approach

Proposals will also be evaluated based on the Respondent's proposed technical approach for delivering the Chicago Solar-Ground Mount Project, based on the following:

- The extent to which Respondent's approach demonstrates a full and thoughtful understanding of the Project goals and objectives outlined in Section 1.3;
- The extent to which the Respondent's approach demonstrates an understanding of inherent challenges and Project risks that may arise during all Project phases, and potential solutions, innovations, and value engineering that could be implemented to minimize these challenges and risks;
- The extent to which the Respondent's conceptual design submittals utilize the Project sites to maximize generation capacity;
- The extent to which the conceptual site plan submission evidences a thoughtful process that addresses existing site condition constraints, and how Project design interfaces with, and responds to, the surrounding area;
- The reasoning behind why Respondents have selected proposed sites for PV system installation from the suggested site list provided by 2FM.

ii) Community Approach

Projects that provide opportunities for Chicago residents of all backgrounds to meaningfully participate in the solar economy will be favorably considered.

The City is interested in all proposals that maximize benefits to the community, particularly low-income and environmental justice participants. While community solar through the Illinois Solar for All program is the most obvious vehicle for providing these benefits, we will consider the community benefits brought through any proposal, regardless of whether that project is community solar, participates in Illinois Solar for All, or would utilize the City as an anchor subscriber.

Respondent's planned approach will be evaluated based on the following criteria:

- The extent to which the Respondent's proposal demonstrates a relevant and thoughtful approach to community outreach and participation that takes into account the racial and cultural complexities of Chicago;
- The extent to which Respondent's proposal provides opportunities for Chicago residents to purchase solar energy. Those projects that allow residents from low-income/environmental justice communities opportunity to purchase solar energy will be favorably considered;
- The extent to which the Respondent's approach demonstrates a full and thoughtful understanding of the FEJA incentive program they propose to utilize, including the approvals and accreditation process, and the ways which FEJA programs can be utilized to fulfill the Project goals;
- The extent to which the Respondent's proposal demonstrates a relevant and thoughtful approach to subscriber participation. The approach should provide maximum benefit to subscribers (bill savings) and an easy to understand sign-up process with minimal requirements or hidden costs;
- The extent to which the Respondent's approach to marketing demonstrates understanding of the inherent challenges that may arise and provides potential solutions and innovations to minimize these challenges;
- The extent to which the Respondent's Customer Service Plan understands the need to provide ongoing support and communication for subscribers and the capability and experience of the identified key personnel and management structure to deliver the plan.

iii) Financial Approach

Respondent's proposed financial approach for delivering the CS-GM Project, will be evaluated based on the following:

- Viability of proposed financial structure including;
 - Reasonable cost estimates for Project delivery: fabrication, installation, and operations and maintenance
 - Reasonable estimates for sale of SRECs and application of tax credits

- Value delivered to the City of Chicago and its Residents based on estimated total energy generated (kW), estimated total annual energy production forecast (kWh), proposed price per kWh produced (\$/kWh). Proposals where energy value is balanced between the City and community subscribers, will be looked upon favorably. The City prefers that neither stakeholder subsidize the other.

iv) Operations and Maintenance

Respondents will be evaluated on the completeness and quality of their operations and maintenance plan, along with demonstrated past experience.

4.2.3 Workforce Utilization

Projects that provide opportunities for Chicago residents of all backgrounds to meaningfully participate in the solar workforce will be favorably considered. Including projects that provide opportunities for Chicago residents to gain technical skills and qualifications that are transferable outside the solar workforce.

Respondents will be evaluated and scored on the following:

- Relevance and quality of the proposed MBE/WBE utilization plan. Respondents are reminded that MBE or WBE participation may be met by establishing a joint venture with one or more MBEs or WBEs as prime contractor, evaluations will consider the extent of the MBE's or WBE's participation in such joint venture;
- Relevance and quality of the proposed Workforce Development Plan, with consideration proportionate to the credit or consideration any such workforce development initiatives are afforded in ordinances that may be the basis of such initiatives;
- Relevance and quality of the proposed local manufacturing, assembly and/or materials purchase plan;
- Relevance and quality of the proposed job training plan;
- Respondent's demonstrated past project experience utilizing and successfully incorporating MBE/WBE and local hiring participation in projects;

4.2.4 Additional Considerations

- Exceptions taken to RFP requirements (particularly the Template Lease Agreement terms and conditions);
- Legal Stipulations;
- Economic Disclosure Forms.

4.3 Requests for Additional Information

The CIT and the City may, at any time after receipt of Proposals, request from specific Respondents additional information, clarification, verification, or certification, of any aspect of its Proposal. Any such request shall be in writing to Respondent's designated representative. Respondent shall respond to any such requests within two Business Days (or such other time as is specified by CIT) from

receipt of the request. Upon receipt, the Proposal may be re-evaluated to factor in the additional information.

4.4 Requests for Proposal Revisions

The CIT and the City may, at any time after receipt of Proposals, determine that it is appropriate to request changes to the Proposals (“Proposal Revisions”). The written request for Proposal Revisions will be sent to all Respondents and will identify any revisions to the RFP along with the terms and conditions applicable to the Proposal Revisions, including identifying a time and date for delivery. If Proposal Revisions are requested, the term “Proposal,” as used in the RFP, shall mean the original Proposal, as modified by the Proposal Revision. Each Respondent may determine in its discretion whether to deliver the requested Proposal Revisions.

Upon receipt of Proposal Revisions, the CIT and the City will re-evaluate the Proposals as revised and will revise scoring as appropriate following the process described above.

4.5 Proposal Evaluation

The CIT and City anticipates utilizing an Evaluation Committee (“EC”) to review and evaluate the Proposals in accordance with the criteria described in Section 4.2. The EC may include representatives of the CIT, the City, and technical experts. The CIT reserves the right to enlist independent consultants to assist with the evaluation of any portion of the Proposals, as it deems necessary.

After the EC completes its evaluation and finalizes its Respondent rankings, it may submit to senior City officials (“Selection Committee”) its recommendation for approval to move the highest scored Respondent to the next phase of the procurement.

4.6 Interviews with RFP Respondents

The CIT and City reserves the right to conduct Respondent interviews. The CIT and City may invite any, or all, RFP Respondents to participate in such Respondent interviews. After a preliminary review of the Proposals, the Evaluation Committee will determine which, if any, Respondents will be invited to participate in a Respondent interview. The purpose of the interviews will be to further understand the Respondent’s Proposal and to meet key members of the Respondent’s team. The CIT may request clarification of a Respondent’s Proposal during the interview and the CIT may treat these clarifications in the same fashion as clarifications provided in writing in accordance with RFP Section 4.4. Proposal evaluations may be informed and/or adjusted in light of information received as part of the Respondent interview process.

The CIT is under no obligation to conduct Respondent interviews. No statement, consent, waiver, acceptance, approval or anything else said or done in any interview by the CIT or the City, or any of their respective representatives, or employees will

have the effect of amending or waiving any provision of the RFP or be binding on the CIT or the City, nor may any of the foregoing be relied upon by any Respondent, or Team Member, except when and only to the extent expressly confirmed in an Addendum to this RFP.

4.7 Best and Final Offer

The CIT and City, at their discretion, may decide to seek best and final offers from one or more Respondents. The CIT and City may only request best and final offers once. Respondents may not request an opportunity to submit a best and final offer. Any requests for best and final offer shall be in writing to Respondent's designated representative. Such request for best and final offers will state the criteria to be covered and the date and time in which the best and final offer must be returned. Proposal scores will be adjusted in light of the new information received in the best and final offer.

4.8 Post-Selection Process

4.8.1 Contract Negotiations

The Selected Respondent will work collaboratively with the CIT and the City to fully negotiate and finalize the project agreement including the subscriber agreement and lease agreement.

Other requirements at this stage will include:

- A construction worker health and safety plan
- A waste management plan
- Contractor's affidavits of waste disposal locations

If the City determines that it is unable to reach mutually acceptable Contract terms with the Selected Respondent, the City may terminate negotiations with the Selected Respondent and negotiate with the next highest-ranked Respondent(s) until such time as the City has negotiated a Contract meeting its needs.

4.8.2 City Council Approval

The Chicago City Council must approve and authorize the Project transaction prior to the execution of any project agreement.

5 Additional RFP Terms and Conditions

5.4 Respondent Request for Clarification

Any Respondent that has questions as to the meaning of any part of this RFP or the Project, or who believes that the RFP contains any error, inconsistency or omission, must submit its concern, in a written Request for Clarification (“RFC”), via email to the Contact Person at SOLAR@chicagoinfrastructure.org.

The RFC must be submitted in a Microsoft Excel Worksheet format substantially in the form of Exhibit E and received no later than Request for Clarification deadline; see Section 1.4. RFCs submitted to anyone other than the Contact Person, or by any other means other than an e-mailed RFC will not be answered.

RFCs may, or may not, be responded to in writing, at the CIT’s and the City’s discretion. The CIT and the City reserve the right to respond to RFCs submitted past the deadlines set in this RFP, if such response is deemed by the CIT and City necessary; however, the CIT and the City strongly discourage Respondents from submitting any RFCs past the RFC deadline.

Respondents must clearly label any question or comment it deems confidential and/or proprietary as such. At its discretion, the CIT may provide any or all RFCs,

without expressly identifying the originator, along with the CIT's responses, to all Respondents.

The CIT may rephrase questions as it deems appropriate and may consolidate similar questions. The CIT will post any responses on its website. Some questions or comments may be answered by an RFP Addendum, as outlined in [Section 5.5](#).

Responses to RFCs are not part of the RFP and will not have the effect of amending the RFP. Only responses that end up being incorporated as an Addendum to the RFP will modify or amend the RFP. To reiterate, CIT clarifications or responses to RFCs will have no force or effect whatsoever and shall not be relied upon by any Respondent. Any oral or written response (other than those addressed by Addenda) provided by the CIT or its representatives in connection with the RFP will not be binding on the CIT, nor will it change, modify, amend or waive the requirements of the RFP in any way.

It is the Respondent's obligation to seek clarification from the CIT on any matter it considers to be unclear in accordance with this RFP. The CIT is not responsible in any way whatsoever for any misunderstanding by the Respondent of this RFP, supporting or background information, responses to RFCs, or any other type of information provided, or communication made, by the CIT.

5.5 Addenda

If it becomes necessary to revise or expand upon any part of this RFP, clarifications and/or addenda will be posted to the CIT Website. Each clarification or addendum is incorporated as part of the RFP documents. Failure to acknowledge clarifications and/or addenda when submitting the Proposal will render the Proposal non-responsive. Any harm to the Respondent resulting from failure to obtain all necessary documents, for whatever cause, will not be valid grounds for a protest against award(s) made under this RFP solicitation.

RFP clarifications and/or addendum will be posted on the CIT Website. However, respondents are solely responsible for acquiring the necessary information or materials from the CIT Website. Failure to obtain addenda from the CIT Website will not relieve the Respondent from being bound by any additional terms and/or conditions in the addenda.

5.6.1 Prime Team Members

A Prime Team Member of any Proposal, or any Person related thereto, may not be a member in any capacity or otherwise participate in any other Proposal.

5.7 Use of Information

The CIT and its representatives shall not be liable for any information or advice or any errors or omissions that may be contained in this RFP or the Addendum, appendices, data, materials or documents (electronic or otherwise) attached or provided to the Respondents pursuant to this RFP or otherwise with respect to the Project.

The CIT and its representatives make no representations or warranties, and there are no representations, warranties or conditions, either express or implied, statutory or otherwise, in fact or in law, with respect to the accuracy or completeness of this RFP or any Addenda, appendices, data, materials, background information or documents related thereto, and the CIT and its representatives will not be responsible for any claim, action, cost, loss, damage or liability whatsoever arising from any Respondent's reliance on or use of this RFP or any other technical or historical addenda, appendices, data, materials, background information or documents provided, delivered or made available by the CIT or its representatives.

Each Respondent is responsible for obtaining its own architectural, engineering, environmental, other technical, or professional advice with respect to the Project, the RFP, and any Addenda, appendices, data, materials or documents provided, delivered or made available or required by the CIT.

- Provide a written explanation of the basis under which each redacted item has been deemed confidential, making reference to the Illinois Freedom of Information Act (5 ILCS 140/1 *et seq.*).

Indiscriminate labeling of material as "Confidential" may be grounds for deeming a Proposal as non-responsive.

All Proposals submitted to the CIT and City are subject to the Freedom of Information Act. The CIT and City will make the final determination as to whether information, even if marked "confidential," will be disclosed pursuant to a request under the Freedom of Information Act or valid subpoena. Respondent agrees not to pursue any cause of action against the City with regard to disclosure of information.

5.9 No Liability for Costs

No such entry by or on behalf of the City upon the Property shall constitute or cause a termination of this Agreement nor shall such entry be deemed to constitute an interference with the possession thereof by the Lessee.

2.4 Easements.

(a) Lessee acknowledges that there may currently exist, and that the City may grant in the future, easements and rights on, over or under the Property for the benefit of suppliers or owners of utilities that service each Site or adjacent land, and Lessee hereby consents to any such utility easements whether now in existence or later granted; provided, no such easements hereafter granted by the City shall materially and adversely interfere with Lessee's use of the Property for the construction, operation and maintenance of the System.

(b) Lessee shall not use or occupy the Property, or permit the Property to be used or occupied, or do or permit anything to be done in or on the Property, in whole or in part, in a manner which would void or make voidable any insurance then in force with respect thereto, or which may make it impossible to obtain fire or other insurance thereon required to be furnished by Lessee under this Agreement, or which would constitute a public or private nuisance.

(c) Lessee shall not use or occupy the Property, or permit the Property to be used or occupied, in whole or in part, in a manner which may violate any applicable Laws, whether or not the City also is liable for compliance.

For each month or portion thereof Lessee retains possession of the Site, or any portion thereof, after such expiration or termination, Lessee shall pay the City an amount equal to three times the fair market value of the Site. Acceptance of said Rent shall not constitute a waiver by the City of any re-entry or other rights provided for under this Agreement or by law nor shall it be deemed an extension or renewal of the Term without a written election thereof by the City. In addition, Lessee shall be liable for all damages incurred by the City as a result of such holdover. Any holding over with the consent of the City in writing shall thereafter constitute a lease from month to month on the same terms and conditions as this Agreement, including payment of such Rent as the City shall specify by written notice to Lessee.

3.4 City's Termination Rights. The City shall have the right to terminate this Agreement as follows:

(a) **For Cause.** The City may terminate this Agreement, with respect to any Site, thirty (30) days after delivery of written notice to Lessee under the following circumstances: (i) if Lessee has not, within one hundred twenty (120) days after receipt of a Notice to Proceed, received all Permits necessary to design, install, construct, own, operate, monitor, maintain and repair the PV Facility on such Site and generate, deliver and sell Solar Energy in accordance with this Agreement; (ii) if the Commercial Operation Date for the subject PV Facility has not occurred by the Expected Commercial Operation Date, subject to Lessee's right to pay Delay Damages, pursuant to Section 7.4; (iii) upon occurrence of a Force Majeure Event in accordance with Section 13.3; or (iv) upon a Lessee Default in accordance with Article 11. If the Agreement is terminated pursuant to (i) or (ii) above, Lessee shall reimburse the City for legal costs it has incurred to date, in an amount not to exceed Fifteen Thousand Dollars (\$15,000). If the Agreement is terminated pursuant to (iii) or (iv) above, Lessee shall remove the PV Facility and restore the Site.

(b) **For City Purposes.** In addition to the termination rights in subsection (a) above, the City reserves the right to terminate this Agreement, with respect to any Site, at any time before or after the Commercial Operation Date as necessary for Each Site(s) Purposes upon prior written notice to Lessee of at least six (6) months. If the Agreement is so terminated, the City shall pay Lessee a fee as described and calculated in Exhibit I hereto (the "Termination Value"). Upon the City's payment of the Termination Value pursuant to this Section 3.4(b), Lessee shall remove the PV Facility from the Site and restore the Site to its pre-installation condition, and this Agreement shall terminate automatically insofar as it applies to the subject Site.

3.5 Lessee's Termination Rights. Lessee may terminate this Agreement, with respect to any Site, thirty (30) days after delivery of written notice to the City under the following circumstances: (a) if Lessee has not, within one hundred twenty (120) days after receipt of a Notice to Proceed for such Site, after diligent efforts, obtained all Permits required to design, install, construct, own, operate, monitor, maintain and repair the PV Facility on the subject Site and generate, deliver and sell Solar Energy in accordance with this Agreement; (b) upon occurrence of a Force Majeure event in accordance with Section 13.3; (c) if the Commercial Operation Date for the subject PV Facility has not occurred by the Expected Commercial Operation Date, subject to Lessee's right to pay Delay Damages, pursuant to Section 7.4; or (d) upon a City Default in accordance with Article 11.

3.6 Expiration of Term. Upon the Expiration Date, with respect to each Site, Lessee shall, at the City's option, do one of the following:

(a) **Removal and Restoration.** Lessee shall, at its sole expense, within ninety (90) days (or such longer period of time as shall be mutually agreed upon by the parties), remove and properly dispose of the PV Facility and its other property (both real and personal) from the Site and repair any injury or damage to the Site which may result from such removal, and shall restore the Site to a condition substantially similar to its condition prior to the installation of the improvements. The City shall provide Lessee with reasonable access to the Site to perform such activities. If Lessee does not remove the PV Facility and its other property and restore the Site within the appointed time, the City shall have the right, at its option and at Lessee's expense, to remove the same and deliver them to any other place of business of Lessee or warehouse the same and restore the Site pursuant to the requirements of this Agreement, and Lessee shall pay the cost of such removal, delivery, warehousing and restoration to the City on demand.

(b) Transfer of Title. On the Expiration Date for each Site, all of Lessee's right, title and interest in and to the PV Facility on such Site, free and clear of any Liens and encumbrances, shall revert to the City at no charge without the necessity of any further action by either Party hereunder; provided, however, that upon the City's request, Lessee shall execute and deliver to the City (in recordable form) all documents necessary to evidence such conveyance, including, without limitation, a quitclaim deed and bill of sale. Lessee shall deliver to the City Lessee's executed counterparts of any service and maintenance contracts that are in Lessee's possession and are then affecting the Property, true and complete maintenance records for the Property, all original licenses and permits then pertaining to the Property, permanent certificates of occupancy then in effect for the Property, and all assignable warranties and guarantees then in effect which Lessee has received in connection with any work or services performed or equipment installed in the Property, together with a duly executed assignment of any of the foregoing to the City (but as to any service and maintenance contracts, only to the extent the City requests assignment), and all financial reports, documents, books and records whatsoever relating to the maintenance or condition of the Property. Upon the City's acceptance of possession and title in connection therewith, Lessee shall have no remaining obligations with respect to the PV Facility (other than obligations incurred through such date).

3.7 Early Termination.

(a) Removal of PV Facility. If this Agreement is terminated, with respect to any Site, for any reason prior to the Expiration Date for such Site ("Early Termination"), other than as a result of the City exercising its option to purchase under Section 3.9, the PV Facility shall remain the property of Lessee and shall be removed by Lessee within ninety (90) days after such termination. Lessee shall undertake such removal at no cost to the City, except as provided in subsection (b) below.

(b) Termination Value. In the event that a termination occurs for reasons attributable to the City (including termination pursuant to Section 3.4(b) above, but not including a Force Majeure event), the City shall pay to Lessee the greater of Fair Market Value or the Termination Value as set forth in Exhibit I (which shall be prorated for partial years), plus all other amounts then owing by the City to Lessee. The Parties agree that the Termination Value is not an approximation of the Fair Market Value. Upon the City's payment of the Termination Value pursuant to this Section 3.7(b), Lessee shall remove the PV Facility from the Site and restore the Site to its pre-installation condition, and this Agreement shall terminate automatically insofar as it applies to the subject Site.

3.8 Substitution. At any time during the term of this Agreement, provided the City is not otherwise in default under this Agreement, the City shall have the right to designate one or more alternate sites (the "Substitute Site(s)") upon which to install or relocate any PV Facility, subject to the approval of Lessee, which shall not be unreasonably withheld, conditioned or delayed. The City shall ask Lessee to provide a detailed estimate of any additional costs necessary to locate, or relocate, the PV Facility to such Substitute Site, which costs shall be the responsibility of the City. Any such Substitute Sites shall, to the extent practicable, be of a similar (or more advantageous) size, scope and economic impact as the Site being replaced. The City shall provide written notice of at least ninety (90) days prior to the date on which it desires to undertake such relocation. The City and Lessee shall, if necessary, prepare and execute such amendments to this Agreement and any other agreements that may be required in connection therewith, which shall remain in effect for the remainder of the term of this Agreement, and the

amended Agreement shall be deemed to be a continuation of the original Agreement without termination.

3.9 City's Option to Purchase. The City may purchase the PV Facility on any Site any time after the _____ anniversary of the Commercial Operation Date for such PV Facility, provided there is no existing City Default. If the City exercises its option to purchase a PV Facility, the purchase price shall be the greater of the then Fair Market Value or the Buy Out Value set forth in Exhibit I. The City shall provide written notice to Lessee of its intent to exercise its purchase option at least sixty (60) days prior to the exercise thereof. The "Fair Market Value" of the PV Facility shall be the value determined by the mutual agreement of the Parties within ten (10) Business Days after Purchaser's termination notice pursuant to this Section 3.9. If the City and Lessee cannot mutually agree upon a Fair Market Value, then the Parties shall select a nationally recognized independent appraiser with experience and expertise in the solar photovoltaic industry to value such equipment. If the Parties are unable to agree on the selection of an appraiser, such appraiser shall be selected by the two appraiser firms proposed by each Party. The appraiser shall act reasonably and in good faith to determine the Fair Market Value and shall set forth such determination in a written opinion delivered to the Parties. The valuation made by the appraiser shall be binding on the Parties in the absence of fraud or manifest error. The Parties shall split the costs of the appraisal equally. The City shall have a period of thirty (30) days after receipt of such appraisal to exercise its purchase option. If the City confirms its exercise of the purchase option, the closing of the purchase and sale of the PV Facility shall take place on a date mutually acceptable to the Parties, but in no event later than sixty (60) days after the City confirms its exercise of the purchase option. At the closing, (a) the City shall pay to Lessee the then Fair Market Value or Buy Out Value, as applicable, and all other amounts then owing by the City to Lessee, and (b) Lessee shall execute and deliver any and all documents necessary to (i) cause all of Lessee's right, title and interest in and to the PV Facility to pass to the City, free and clear of any Liens and encumbrances, and (ii) assign all warranties for the subject PV Facility to the City; provided, however, that Lessee shall have no obligation to provide any personal warranties with respect to the condition or continued operation of such PV Facility.

suitable for its intended use. Lessee's taking possession of the Property shall be conclusive evidence that the Property was suitable for Lessee's intended purposes as of the date thereof.

4.2 Release and Indemnification. The Lessee, on behalf of itself and its officers, directors, employees, successors, assigns and anyone claiming by, through or under them (collectively, the "Lessee Parties"), hereby releases, relinquishes and forever discharges the City, its officers, agents and employees (collectively, the "Indemnified Parties"), from and against any and all Losses which the Lessee ever had, now have, or hereafter may have, whether grounded in tort or contract or otherwise, in any and all courts or other forums, of whatever kind or nature, whether known or unknown, foreseen or unforeseen, now existing or occurring after the Effective Date, based upon, arising out of or in any way connected with, directly or indirectly (i) any environmental contamination, pollution or hazards associated with the Property or any improvements, facilities or operations located or formerly located thereon, including, without limitation, any release, emission, discharge, generation, transportation, treatment, storage or disposal of Hazardous Materials, or threatened release, emission or discharge of Hazardous Materials; (ii) the structural, physical or environmental condition of the Property, including, without limitation, the presence or suspected presence of Hazardous Materials in, on, under or about the Property or the migration of Hazardous Materials from or to other Property; (iii) any violation of, compliance with, enforcement of or liability under any Environmental Laws, including, without limitation, any governmental or regulatory body response costs, natural resource damages or Losses arising under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA); and (iv) any investigation, cleanup, monitoring, remedial, removal or restoration work required by any federal, state or local governmental agency or political subdivision or other third party in connection or associated with the Property or any improvements, facilities or operations located or formerly located thereon (collectively, "Released Claims"); provided, however, the foregoing release shall not apply to the extent such Losses are proximately caused by the gross negligence or willful misconduct of the City following the Closing Date. Furthermore, the Lessee shall indemnify, defend (through an attorney reasonably acceptable to the City) and hold the Indemnified Parties harmless from and against any and all Losses which may be made or asserted by any third parties (including, without limitation, any of the Lessee Parties) arising out of or in any way connected with, directly or indirectly, any of the Released Claims, except as provided in the immediately preceding sentence for the City's gross negligence or willful misconduct following the Effective Date. The Lessee Parties waive their rights of contribution and subrogation against the Indemnified Parties.

4.3 Additional Environmental Terms. Lessee hereby agrees that:

- (a) Lessee shall, at its sole cost and expense, comply with all Environmental Laws that are or may become applicable to Lessee's activities on the Property
 - i. Lessee must comply with, and must cause Lessee's Sub-contractors to comply with, all federal, state and local environmental and resource conservation laws and regulations, whether existing or promulgated later, as they apply to this lease. Lessee must include these provisions in all subleases. Some, but not all, of the major federal laws that may affect this Lease include the National Environmental Policy Act of 1969, as amended, 42 USC § § 4321 et seq.; the Clean Air Act, as amended, 42 USC § § 7401 et seq. and scattered sections of 29 USC; the Clean Water Act, as amended, scattered sections of 33 USC and 12 USC; the Resource Conservation and Recovery Act, as amended, 42 USC §§ 6901 et seq.; and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 USC § § 9601 et seq.. Lessee and Sub-

contractors must also comply with Executive Order No. 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," 59 Fed. Reg. 7629, Feb. 16, 1994; U.S. DOT statutory requirements on environmental matters at 49 USC § 5324(b); Council on Environmental Quality regulations on compliance with the National Environmental Policy Act of 1969, as amended, 40 CFR Part 1500 et seq.; and U.S. DOT regulations, "Environmental Impact and Related Procedures," 23 CFR Part 771 and 49 CFR Part 622.

- ii. If Lessee or a Sub-contractor is required pursuant to any Environmental Laws to file any notice or report of a release or threatened release of Hazardous Materials or Special Wastes on, under, or about any premises Lessee uses to perform the Work required under this Lease, Lessee must provide a copy of that report or notice to the City. In the event of a release or threatened release of Hazardous Materials or special waste into the environment, or in the event of any claim, demand, action or notice made against Lessee regarding Lessee's failure or alleged failure to comply with any Environmental Law, Lessee must notify the City.
- iii. If Lessee or Sub-contractor fails to comply with any Environmental Law, the City may terminate this Lease in accordance with the default provisions of this Lease and may adversely affect Lessee's eligibility for future lease/contract awards.

(b) Lessee shall not use, store or otherwise handle, or permit any use, storage, or other handling of, any Hazardous Material on or about or beneath the Property unless it is a material handled, used, or stored by Lessee in the ordinary course of constructing, operating and maintaining the System, in which event all such materials shall be handled, used, or stored by Lessee in accordance with applicable Environmental Law.

(c) Lessee shall be responsible for the proper disposal of any soils, Hazardous Materials, Special Waste, debris and other materials excavated or removed in connection with the construction, operation and maintenance of the System in accordance with all applicable Laws. No excavated or removed materials shall be classified as Clean Construction and Demolition Debris without written authorization of 2FM. Lessee shall be deemed the generator on all manifests for the disposal of Hazardous Materials and Special Waste resulting from Lessee's construction activities. The City shall have the right to approve both disposers and disposal facilities, which approval shall not be unreasonably withheld.

- - a. Lessee must complete the Contractor's Affidavit Regarding the Identification of All Waste and Material Handling and Disposal Facilities, Exhibit N for each proposed facility. The Affidavit from the Contractor states that waste and materials will be handled, recycled and disposed only at those listed facilities and acknowledges terms and conditions relating thereto that Contractor has executed and attached to this Lease is incorporated by reference.
 - b. Lessee acknowledges that unless otherwise authorized in writing by the Commissioner of the Department of Fleet and Facility Management (2FM), Contractor must not continue to use a recycling/disposal/handling facility identified in the Affidavit that, (i) has been cited as being in violation of any environmental law or regulation or of any City ordinance; or (ii) does not have a necessary permit. If only one site was identified in the Affidavit, Contractor must arrange for a substitute recycling/disposal/handling facility that meets the requirements specified in the Affidavit and provide a revised Affidavit to the Commissioner of

2FM. Contractor further acknowledges that any such substitution is at no additional cost to the City, regardless of the reason necessitating such substitution.

(d) Lessee shall obtain written approval from the City of all fill material to be brought on the Property prior to delivery. The Lessee will procure and place CA-6 backfill for the excavated material as necessary. The backfill material must have a letter provided from the quarry stating the material is virgin material. The Lessee or its sub-contractor will work with 2FM and provide all required documentation for suitability of backfill material prior to bringing it on site. The Lessee must obtain written verification of written approval from 2FM prior to bringing backfill material onsite. If backfill materials do not meet appropriate criteria then the Lessee shall replace with acceptable backfill at no extra charge.

(e) If there is a release or threatened release of any Hazardous Materials under CERCLA or any other applicable Environmental Laws attributable to the operations or activities of Lessee or any Lessee Parties, Lessee shall promptly notify the City, and, if required by any applicable Environmental Laws, Lessee shall investigate and remediate the condition. At a minimum, any soil or soil gas not meeting the requirements of 35 IAC Section 742.305 must be removed. Any underground storage tanks ("USTs") identified must be removed and closed in accordance with applicable regulations including Title 41 of IAC Part 175 and any identified leaking USTs must be properly addressed in accordance with 35 IAC Part 734. Such work must be completed before installing ground-mounted PV systems at the site(s).

(f) Lessee shall maintain and, upon request, make available to the City, free of charge, copies of all: (i) environmental reports prepared or obtained by Lessee relating to the Property; (ii) transportation or disposal contracts relating to Hazardous Materials and associated inspection logs, manifests, schedules, receipts, load tickets and other information obtained by Lessee that tracks the generation, handling, storage, treatment and disposal of Hazardous Materials, as well as all other records required by any applicable Environmental Laws; (iii) permits issued to Lessee under any applicable Environmental Laws; (iv) documents or correspondence submitted to or received from any Governmental Authority relating to the environmental condition of the Property; and (v) any other documents concerning environmental matters relating to the Property. Lessee shall provide such copies to the City within ten (10) Business Days of receipt of the City's request.

• (g) Lessee must notify the Commissioner of 2FM, within 24 hours, of receipt of any environmental complaints, fines, citations, violations or notices of violation ("Environmental Claim") by any governmental body or regulatory agency against Lessee or Sub-contractor or by any third party relating to the loading, hauling, recycling or disposal of materials, construction debris, soil or other wastes. Lessee must provide evidence to the Commissioners of 2FM that any such Environmental Claim has been addressed to the satisfaction of its issuer or initiator.

(h) Lessee must notify the City of any community meetings, media involvement or media coverage related to the loading, hauling, recycling or disposal of materials, construction debris, soil, and other wastes under this lease in which Lessee is asked to participate.

(i) Lessee shall obtain and maintain in effect all Permits required by any Environmental Laws for the System and shall at all times comply with all applicable Environmental Laws. When requested by the Commissioner of 2FM, Lessee must submit copies of all permits required by any Environmental Law. Copies of all permits and insurance certificates that require periodic renewal must be forwarded to 2FM throughout the duration of this Lease.

(j) Lessee must employ all reasonable measures to reduce the noise of heavy construction equipment and to control and minimize dust, smoke, and fumes from construction equipment and other operations on the Work site, and the dirt and noise created by heavy truck operations over City streets in accordance with ordinances of the City and orders of the Commissioner of the Chicago Department of Public Health. The discharge of Hazardous Materials into waterways and City sewers is not permitted.

ARTICLE 5 RENT, TAXES, AND UTILITIES

5.1 Base Rent. Lessee shall pay annual rent for each Site (“Base Rent”) commencing on the Commercial Operation Date for each Site and thereafter through the Expiration Date for such Site in accordance with the terms and provisions of Exhibit C. Base Rent is due, without notice, demand or setoff, on or before January 1 of each calendar year, and is payable to the City at the address specified in Section 5.2 below or such other place as the City may from time to time designate in writing to Lessee. Base Rent shall be prorated for partial years within the Term. LESSEE ACKNOWLEDGES AND AGREES THAT ALL AMOUNTS PAYABLE TO THE CITY UNDER THIS AGREEMENT CONSTITUTE RENT AND THAT THIS LEASE CREATES A TAXABLE LEASEHOLD UNDER THE ILLINOIS PROPERTY TAX CODE, 35 ILCS 200/1 et seq. [USUALLY CALLED A LEASE PAYMENT IN \$/MW]

5.2 Place of Payment. Lessee shall pay Base Rent and all other amounts owed to the City under this Agreement without set-off, deduction or discount, except as expressly provided in this Agreement, in lawful money of the United States, to the City at the Office of the City Comptroller, 121 North LaSalle Street, Room 700, Chicago, Illinois 60602, or to such other place or person as the City may direct Lessee by written notice. Payment of Rent is independent of every other covenant and obligation in this Agreement. The City shall not be obligated to bill Lessee for Base Rent. Payment by Lessee to the City of compensation pursuant to this Agreement shall not be considered to be a tax and shall be in addition to and exclusive of all license fees, taxes or franchise fees which Lessee may now or in the future be obligated to pay to the City, including under a use agreement or any other agreement with the City.

5.3 Other Charges. Lessee covenants and agrees that the Base Rent specified in this Article 5 shall be absolutely net to the City, except as expressly provided in this Agreement, to the end that this Agreement shall yield net to the City the entire Base Rent, and so that all costs, fees, interest, charges, maintenance and operating expenses, utility charges, water rates, electricity charges, gas charges and Taxes levied, assessed upon or related to the Property, or any part thereof, or the use or occupancy thereof; or upon the PV Facilities or other improvements at any time situated thereon, or levied or assessed upon the leasehold interest created hereby, during the Term, shall be deemed additional Rent due and payable by Lessee hereunder.

5.4 Interest on Overdue Amounts. Base Rent and any additional Rent or other charges not paid when due shall bear interest at the Specified Rate from the due date; provided that interest on overdue Taxes or insurance premiums or other additional Rent not payable to the City shall not accrue unless and until the City has expended such amounts following Lessee's failure to pay them.

5.5 Taxes. Lessee shall pay when due, directly to the collecting authority, all Taxes which at any time during the Term of this Agreement are taxed, charged, assessed, levied or imposed upon the Property or upon the leasehold estate hereby created. Lessee shall furnish

the City, within ten (10) days after the date when any Taxes would become delinquent, receipts of the appropriate taxing authority, or other evidence of payment reasonably satisfactory to the City. No later than the end of the calendar year in which the Commercial Operation Date for any Site occurs, Lessee shall advise the Cook County Assessor of this Agreement in order to have the Site separately assessed from other property of the City and separately assessed as a taxable leasehold estate, and in that connection, shall file appropriate tax division petitions, if necessary.

5.6 Utilities. Lessee shall be responsible for installing and/or obtaining, at its sole cost and expense, any utilities or municipal services it may require; provided, however, Lessee may not enter into any agreement with any other municipality or local government to provide utility services without notice and approval by the City of the conditions for furnishing such utility service. Lessee shall promptly pay for all utility services directly to the appropriate utility companies. The City has no responsibility to furnish Lessee with any utilities and makes no representations or warranties as to the availability of utilities. The City does not warrant that any utility services will be free from interruptions. Any interruption of utility service shall not be deemed an eviction or disturbance of Lessee's use and possession of the Property or any part thereof, or render the City liable to Lessee for damages, or relieve Lessee from performance of Lessee's obligations under this Agreement.

5.7 [intentionally omitted]

5.8 Accord and Satisfaction. No payment by Lessee or receipt by the City of Base Rent or additional Rent hereunder shall be deemed to be other than on account of the amount due, and no endorsement or statement on any check or any letter accompanying any check or payment of Base Rent or additional Rent shall be deemed an accord and satisfaction, and the City may accept such check as payment without prejudice to the City's right to recover the balance of such installment or payment of Base Rent or additional Rent or pursue any other remedies available to the City. No receipt of money by the City from Lessee after the termination of this Agreement or Lessee's right of possession of the Property shall reinstate, continue or extend the Term or Lessee's right of possession.

ARTICLE 6
[intentionally omitted]

ARTICLE 7
CONSTRUCTION; TESTING

7.1 Construction of PV Facilities.

(a) As a condition to the issuance of a Notice to Proceed, Lessee shall submit to the City for approval (a) a Site Plan for each Site to be developed, (b) the specifications for each PV Facility to be constructed, and (c) design drawings at the 45, 90 and 100 percent completion levels (collectively, the "Site Improvement Plans"). The City shall have thirty (30) days after receipt of any such Site Improvement Plans to review and approve the same. If the City does not approve or disapprove such documents within such 30-day period, the documents shall be deemed to be approved. Lessee shall provide to the City complete copies of all final specifications and design drawings, as well as a complete set of as-built drawings for each PV Facility upon completion of such PV Facility. Prior to commencement of construction on any Site, Lessee shall also procure the approval of the final Site Improvement Plans by any and all federal, state, municipal and other governmental authorities, offices and departments having jurisdiction

in the Site. The City will cooperate with Lessee in procuring such approval, provided that the City shall have given its prior approval to such final Site Improvement Plans.

(b) Neither the approval by the City of the Site Improvement Plans nor any other action taken by the City with respect thereto under the provisions of this Agreement shall constitute an opinion or representation by the City as to the sufficiency of said Site Improvement Plans, or such design standards as the City shall have in effect from time to time, compliance with any Laws or ability of Lessee to receive any permits from any department or agency of the City or other jurisdictions, nor impose any present or future liability or responsibility upon the City. Approval shall not constitute approval of the City or its departments or agencies for any construction, extension or renovation of any public utilities or public ways which may be necessary to service the Property. In any case where more than one standard, code, regulation or requirement applies to construction or the Site Improvement Plans, the strictest shall control.

(c) Lessee covenants and agrees and it is an express condition of this Agreement that Lessee shall, with due diligence and at Lessee's sole cost and expense, design, install and construct the PV Facility and utility grade interconnection system on each Site in compliance with the terms of this Agreement and all applicable Laws. Lessee shall be responsible for ensuring that its Contractors construct the PV Facility and utility grade interconnection system on each Site in accordance with the final Site Improvement Plans.

(d) Promptly following receipt of a Notice to Proceed, Lessee shall commence pre-installation activities relating to the PV Facilities, which shall include, without limitation, using Commercially Reasonable Efforts to:

- (i) obtain financing for installation of the PV Facilities;
- (ii) obtain all Permits required to design, install, construct, own, operate, monitor, maintain and repair the PV Facilities;
- (iii) enter into any contract(s) required to design, install, construct, own, operate, monitor, maintain and repair the PV Facilities;
- (iv) obtain all necessary authority from the Utility or other regulatory entities for the operation of the PV Facilities and sale and delivery of Solar Energy; and
- (v) execute all agreements required for Utility interconnection of the PV Facilities.

(e) Lessee shall provide monthly status reports to the City on the progress of the pre-installation and installation activities for each PV Facility, commencing thirty (30) days after issuance of the Notice to Proceed and continuing through the Commercial Operation Date for each PV Facility.

(f) Prior to the execution of any contracts for engineering, construction or other services, Lessee shall furnish to the City the names of the person or entity whom Lessee desires to employ and the proposed form of contract. Such contractor shall be licensed in the discipline being contracted for, experienced in design and construction of improvements comparable to those for which its services are being required by Lessee and not be listed on any local, state or federal non-responsible bidders' list, and not be debarred under any state or federal statute, regulation or proceeding. In addition, all such contracts shall include the matters required by

Article 20 hereof and other provisions of this Agreement and shall include such other terms as may be reasonably requested by the City regarding construction practices at each Site(s).

(g) No later than thirty (30) days prior to commencement of construction on any Site, Lessee shall also deliver to and for the benefit of the City, and shall maintain in full force and effect, a construction performance bond in such amount and in such form as required by the Department of Fleet and Facility Management. Lessee shall also include in every subcontract a provision requiring the subcontractor to have a construction performance bond filed with the City before starting work, and shall verify that the subcontractor has filed a bond before permitting the subcontractor to start work.

(h) At least thirty (30) days prior to the commencement of any construction on any Site, Lessee shall deliver to the City a detailed budget for such Site Improvements itemizing all estimated costs of construction, and indicating all sources (including loans and equity) of funds to pay the aforesaid construction costs and demonstrate to the reasonable satisfaction of the City that it has sufficient funds to complete the construction of any improvements to be constructed and that said funds will be disbursed in a manner so as to provide reasonable assurances against the foreclosure of any Liens against the Site or Lessee's leasehold estate. If Lessee finances construction with a loan, no provision of any loan instruments or documents may conflict with the terms of this Agreement or require the City to amend this Agreement.

(i) Once commenced, Lessee shall diligently prosecute construction and substantially complete the Site Improvements within the time required by this Agreement. If any work does not comply with the provisions of this Agreement, the City may, by notice to Lessee require that Lessee stop the work and take steps necessary to cause corrections to be made.

(j) Lessee shall pay all costs of the construction incurred by Lessee, when due, and shall require all Contractors to deliver sworn statements of persons furnishing materials and labor before any payment is made and waivers of lien for all work for which payment is made, in order to prevent attachment of any Liens by reason of work, labor, services or materials furnished with respect to the Property.

(k) During the course of construction, Lessee, at its sole expense, will carry or cause to be carried, the insurance required to be carried pursuant to Section 16.2.

(l) During the course of the construction, the City, and its agents and employees on behalf of the Department of Fleet and Facility Management with responsibilities relating to the Property may enter upon and inspect each Site for the purpose of verifying that the Site Improvements are proceeding in accordance with the requirements of this Agreement. With respect to any such entry and inspection on behalf of the Department of Fleet and Facility Management, persons requiring entry shall present proper identification to Lessee. No right of review or inspection shall make the City responsible for work not completed in accordance with the Site Improvement Plans or applicable Laws. Lessee shall keep at each Site the applicable Site Improvement Plans relating to such construction, which the City may examine at all reasonable times and, if required by the City, Lessee shall also furnish the City with copies thereof.

(m) Any work performed at the direction of Lessee, even though performed by Contractors, shall be the responsibility of Lessee. All work shall be performed in accordance with (and all Site Improvements, when completed, shall comply with) the Site Improvement Plans and other documents submitted to and approved by the City, each Site(s) and construction conditions in effect at the time of construction and any other applicable Laws.

(n) Lessee shall notify the City in writing within five (5) Business Days after completing the construction of each PV Facility. The City shall have the right to inspect the PV Facility within ten (10) Business Days after receiving such notice and shall give Lessee written notice specifying any details of construction or mechanical adjustment which remain to be performed by Lessee. Upon satisfaction of any items set forth in such notice, Lessee shall provide to the City all final specifications, as well as a complete set of as-built drawings and records of the actual costs and expenses incurred.

(o) Lessee and its Contractors shall take all steps necessary to ensure that the City enjoys the benefits of all manufacturers' warranties of System equipment and installation.

(p) Upon completion of each PV Facility, Lessee shall document to the satisfaction of the City the value of the PV Facility by submitting to the City records of the actual costs and expenses incurred in connection with the design, acquisition, construction, installation and interconnection of the PV Facility, as well as the projected operating and maintenance expenses. By March 1 of each year of the term of this Agreement, Lessee shall provide to the City an annual accounting of operations and maintenance costs incurred during the preceding Contract Year.

(q) After the completion of each PV Facility in accordance with the provisions of Section 7.1, no alterations and changes of any kind shall be made without the written consent of the City (which may be withheld in its sole discretion).

7.2 Letter of Credit. Lessee shall deposit with the City, upon Lessee's execution and delivery of this Agreement, as security for the full and prompt performance by Lessee of all of Lessee's obligations hereunder, a Letter of Credit. In the event of a Lessee Default, the City may at once and without notice to Lessee be entitled to draw down on the Letter of Credit and apply such resulting sums to pay for the City's cure of any defaulted obligation, or to compensate the City for any loss or damage resulting from any default. The Letter of Credit shall be for a minimum period of one year, shall be renewed or replaced by Lessee not less than twenty (20) days prior to its expiration, and shall provide that the Letter of Credit may be drawn in the event that it is not so renewed or replaced. If the Letter of Credit is drawn due to a failure of Lessee to renew or replace, the proceeds of any such draw shall constitute collateral provided to the City in the form of cash. The City may keep the cash in its general funds and shall not be required to pay interest to Lessee on any such amount. The City may withdraw funds to pay any amount due and owing by Lessee under this Agreement that has not been paid within the time provided hereunder. The Letter of Credit shall not serve as a measure of the City's damages for any default under this Agreement.

7.3 System Acceptance Testing.

(a) Lessee shall test the PV Facility at each Site ("System Acceptance Testing") and coordinate the delivery of Test Energy during such testing. The City shall cooperate with Lessee to facilitate the System Acceptance Testing, provided that Lessee shall bear all expenses in connection therewith. Lessee shall use Commercially Reasonable Efforts to schedule testing at times acceptable to the City. The City shall not be required to pay for any Test Energy.

(b) If the results of the System Acceptance Testing demonstrate that the PV Facility is capable of delivering Solar Energy in an amount equal to or greater than the Minimum

Guaranteed Output for four (4) continuous hours using such instruments and meters as have been installed for such purposes (the "System Requirements") and the PV Facility satisfies all other conditions of Commercial Operation, then Lessee shall send a written notice to that effect to the City (a "Completion Notice"), accompanied by a copy of the results of the System Acceptance Testing. The City shall have ten (10) Business Days after its receipt of the Completion Notice to review the System Acceptance Testing results to determine that the statements set forth therein are true, accurate and complete. If the City determines in good faith that the Completion Notice is inaccurate in any material respect or that the System fails to meet the System Requirements or other conditions of Commercial Operation, the City shall provide Lessee with a detailed notice of such material inaccuracy or failure within such 10-day period (a "Rejection Notice"). Lessee shall promptly remedy at Lessee's cost the specified failure and conduct new System Acceptance Testing until the System Acceptance Testing indicates that the System meets the System Requirements. In each such case, Lessee shall send a new Completion Notice to the City with a copy of the results of the new System Acceptance Testing as provided above.

(c) Absent a timely Rejection Notice from the City pursuant to subsection (b) above, and provided that Lessee has obtained all Permits required for the operation of the PV Facility and such Permits are in full force and effect and there are no suits, proceedings, judgments, rulings or orders by or before any Governmental Authority that could reasonably be expected to materially and adversely affect the ability of the PV Facility to operate and produce Solar Energy, the City shall deliver the "Acceptance Certificate" in the form attached hereto as Exhibit L (the date of such certificate being the "Commercial Operation Date").

(d) Lessee shall test the System annually during the Term hereof to ensure that community subscribers are receiving generation and provide the City with the written results thereof.

7.4 Commercial Operation.

(a) Expected Commercial Operation Date. Lessee shall use Commercially Reasonable Efforts in accordance with Prudent Industry Practice to cause the Commercial Operation Date for each PV Facility to occur on or before the Expected Commercial Operation Date.

(b) Delay Damages. If Commercial Operation for any PV Facility has not been achieved on or before the Expected Commercial Operation Date, Lessee shall continue the installation work and shall pay \$1,000.00 per day ("Delay Damages") to the City, as liquidated damages for such delay and not as a penalty. Delay Damages shall begin to accrue on the day following the Expected Commercial Operation Date for the subject PV Facility and continue daily until the earlier of (i) the Commercial Operation Date; or (ii) the date on which Lessee owes the City a cumulative amount of Delay Damages of \$100,000.00 ("Delay Damages Cap").

7.5 Right to Terminate. If any PV Facility has not achieved Commercial Operation by the date upon which Lessee has paid to the City the Delay Damages Cap, either Party shall have the right to terminate this Agreement, with respect to the subject Site, within thirty (30) days of such date upon prior written notice to the other Party of at least ten (10) Business Days, provided that Lessee may elect to cure and prevent the City's termination right under this Section 7.5 by providing notice to the City within ten (10) Business Days after the City's notice to terminate and continuing to pay daily Delay Damages beyond the Delay Damages Cap. Neither Party shall have any liability to the other Party with respect to such termination, except for Lessee's

obligations to (a) pay to the City any unpaid Delay Damages through the date of termination, and (b) remove all of its equipment from and restore the Site as required by this Agreement.

7.6 Extension Due to Force Majeure Event. The Expected Commercial Operation Date for each PV Facility, and related termination rights in Section 4.5, shall be extended by a number of days equal to the duration of any Force Majeure Event that delays construction or the commencement of operation of such PV Facility. Lessee shall give written notice to the City describing any such Force Majeure Event within five (5) Business Days after the occurrence of the Force Majeure Event. The number of days of such extension shall be calculated from the date of the Force Majeure Event, provided that if the Force Majeure Event will delay Commercial Operation for more than three (3) months, either Party will have the right to terminate this Agreement without liability to the other Party.

7.7 Site Visits. During the construction, installation and start up of any portion of the System, and continuing throughout the term of this Agreement, Lessee shall permit the City and its agents, employees and representatives, upon reasonable prior notice to Lessee, to inspect the System, or any portion thereof, during normal business hours, subject to the safety rules and regulations of Lessee.

7.8 Delivery of System Documents. Lessee shall provide to the City all information that the City shall reasonably request in connection with the performance of this Agreement. Without limiting the foregoing, Lessee shall provide to the City: (i) two copies of each operation, maintenance, and/or parts manual for each PV Facility, including updates; (ii) two copies of any manuals that describe scheduled maintenance requirements, troubleshooting, and safety precautions specific to the supplied equipment, operations in emergency conditions and any other pertinent information for City personnel; and (iii) two (2) sets of as-built drawings of each PV Facility.

ARTICLE 8 SYSTEM OPERATION AND MAINTENANCE

8.1 Lessee's Duty to Operate and Maintain System. Lessee shall be solely responsible for the operation and maintenance of the System, at Lessee's sole cost and expense, in accordance with Prudent Industry Practice, throughout the term of this Agreement. Lessee shall, at all times during the term of this Agreement, maintain the System in good operating condition. Lessee shall bear all risk of loss with respect to the System, and shall have full responsibility for its operation and maintenance in compliance with all applicable Laws and Permits.

8.2 Qualified Personnel. Lessee shall employ or contract with qualified personnel for the purpose of operating and maintaining the System.

8.3 Permits and Compliance with Law.

(a) Lessee shall obtain and maintain in full force and effect all Permits that are necessary to design, install, construct, own, operate, monitor, maintain and repair the System and to generate, deliver and sell Solar Energy and/or renewable energy credits in accordance with this Agreement. The City shall cooperate with Lessee's efforts to obtain all such Permits, provided that Lessee shall bear all expenses in pursuing such Permits.

(b) Lessee shall, at all times during the term of this Agreement, comply with all applicable Laws related to the operation and maintenance of the System and Lessee's performance of its obligations under this Agreement.

8.4 Planned Outages; System Maintenance. Lessee shall arrange for Planned Outages at the System in accordance with Prudent Industry Practice and shall be permitted to reduce deliveries of Solar Energy during any period of project maintenance; provided, however, any such reductions shall not modify Lessee's obligation to meet the Minimum Guaranteed Output during any Contract Year. Lessee shall, prior to November 1 of each Contract Year, deliver to the City a schedule of Planned Outages for the System that conforms to Prudent Industry Practice. The City may, within fifteen (15) Business Days after receipt of the schedule, request reasonable modifications thereto, and the Parties shall use Commercially Reasonable Efforts to agree upon a revised schedule of Planned Outages. Lessee shall not schedule Planned Outages between 8:00 a.m. and 8:00 p.m. during the Summer Months.

8.5 Maintenance Outages; Temporary Shutdown.

(a) In addition to the Planned Outages, if Lessee determines, in its reasonable discretion and consistent with Prudent Industry Practice, that all or a portion of the System must be removed temporarily from service for maintenance purposes (a "Maintenance Outage"), Lessee shall notify the City of the commencement date and expected duration of any such Maintenance Outage and the anticipated maintenance plan for such Maintenance Outage as soon as practicable. If the City reasonably objects to the timing of the Maintenance Outage, the City shall notify Lessee as soon as practicable and the Parties shall use Commercially Reasonable Efforts to agree upon a mutually acceptable time to conduct the Maintenance Outage.

(b) If the City determines, in its sole discretion, that all or a portion of the System must be removed temporarily from service for each Site(s) purposes for more than a total of ten (10) days in any Contract Year (a "Temporary Shutdown"), the City will notify the Lessee of the commencement date and expected duration of any such Temporary Shutdown as soon as practicable. In such event, the City shall pay to Lessee an amount equal to the sum of the following: (i) Lessee's reasonable cost to remove and re-install or shut down and re-initiate the System or portion of the System; (ii) the cost, if any, of lost Solar Energy production during the period of Temporary Shutdown in excess of ten (10) days in any Contract Year at a fixed price no greater than the City's fixed wholesale supply retail contract rate then in effect; and (iii) an amount attributable to any lost Environmental Attributes, if any, calculated at Lessee's actual out-of-pocket loss in excess of ten (10) days in any Contract Year. The City may, at its option, elect to pay Lessee such amounts in a lump sum payment or in equal monthly payments, including interest at the Specified Rate on the unpaid balance, over not more than a twelve (12) month period.

8.6 Malfuncions and Emergencies.

(a) Each Party shall notify the other within twenty-four (24) hours after the discovery of any material malfunction in the operation of the System or of any interruption in the supply of Solar Energy. Each Party shall notify the other Party immediately upon the discovery of an emergency condition in the System. The Parties shall establish procedures for providing notice of emergency conditions, or conditions requiring Lessee's repair or alteration, at all times, twenty-four (24) hours per day, including weekends and holidays. If an emergency condition exists, Lessee shall promptly dispatch the appropriate personnel to perform the necessary repairs or corrective action in an expeditious and safe manner.

(b) Notwithstanding anything to the contrary in this Agreement, in cases of emergency in which the City determines that the continued operation of any PV Facility presents an imminent threat requiring immediate action to prevent or mitigate the loss or impairment of life, health, property or essential public services, the City shall have the right to disconnect such PV Facility prior to notification of Lessee. If the City disconnects a PV Facility pursuant to this provision, the City shall give notice to Lessee as soon as practicable thereafter. If the circumstances giving rise to such disconnection were beyond Lessee's control, the duration of any disconnection by the City pursuant to this provision shall be no longer than reasonably necessary to address such circumstances. The Parties agree that only Lessee or an agent designated by Lessee will be authorized to reconnect the System after the System is disconnected by the City pursuant to this Section 8.6(b).

8.7 Records of Maintenance and Repairs. Lessee shall maintain records of all preventive and corrective maintenance performed at each PV Facility and shall submit copies of all such records to the City on a quarterly basis.

ARTICLE 9 METERING, MEASUREMENT AND TESTING

9.1 **Metering Equipment.** Lessee shall measure the amount of Solar Energy delivered to the electric distribution grid and/or subscribers by the System at the Delivery Points utilizing Class 0.2 electricity meters that meet the requirements of ANSI C12.20-2010 and IEC 687.3 in addition to load metering, inverter monitoring, and sub-combiner monitoring meters (collectively, "Metering Equipment"). The Metering Equipment shall measure the alternating current output of the System on a continuous basis. The Metering Equipment shall have standard industry telemetry capabilities and/or automated metering infrastructure that will provide the City with the ability to incorporate the System electrical output data into the each Site(s)'s energy usage database, and shall also make such data readily available in secure web format.

(a) Lessee shall be responsible for maintaining the Metering Equipment in good working order in accordance with Prudent Industry Practice.

(b) Lessee shall conduct tests of the Metering Equipment at such times as it deems appropriate in accordance with Prudent Industry Practice, but not less than once in any calendar year. The City shall be allowed to observe the tests, and Lessee shall provide notice of the testing to the City at least ten (10) Business Days prior to the testing date. Lessee shall provide certified copies of the results of any tests to the City.

(c) In addition to the annual test, the City, or its authorized agent, shall have the right at any time to test the Metering Equipment and verify meter readings and calibrations. If such testing indicates that such equipment is in error by more than 0.3%, then Lessee shall reimburse the City for its reasonable out-of-pocket expenses in performing such testing and shall promptly repair or replace any such equipment.

9.2 **Standard of Meter Accuracy; Resolution of Disputes as to Accuracy.** All Metering Equipment shall be accurate within a 0.3% variance. The following steps shall be taken to resolve disputes regarding the accuracy of the Metering Equipment:

(a) If either Lessee or the City disputes the accuracy or condition of any Metering Equipment, it shall so advise the other Party in writing.

(b) If the Parties are unable to reach consensus as to the accuracy or condition of such Metering Equipment through reasonable negotiations, then any Party may request that Lessee test the Metering Equipment.

(c) If the Metering Equipment registers within the permitted 0.3% variance, the disputing Party shall bear the cost of inspection; otherwise, the Lessee shall bear the cost.

(d) If any Metering Equipment is found to be in error by not more than the permitted 0.3% variance, previous recordings of such Metering Equipment shall be considered accurate in computing Solar Energy hereunder.

(e) If any Metering Equipment becomes non-operational or is found to be in error by an amount exceeding the 0.3% variance, the Parties shall endeavor in good faith to address the equipment failure based upon, among other things, historical and cyclical consumption. If no reliable information exists as to the actual period over which such equipment was registering inaccurately, it shall be assumed for correction purposes hereunder that such inaccuracy was equal to one-half of the period from the date of the last previous test of such equipment through the date of the adjustments. To the extent that the Parties are unable to adjust the inaccuracy, the issue shall be resolved in accordance with Article 17 of this Agreement.

ARTICLE 10 RECORDS, MAINTENANCE, AUDITS AND REPORTING

10.1 [intentionally omitted]

10.2 [intentionally omitted]

10.3 Records; Auditing.

(a) Maintenance of Records. Lessee shall maintain all records with respect to its activities and business operations under this Agreement. Without limiting the foregoing, Lessee shall maintain complete and accurate records as may be necessary to ascertain the accuracy of all relevant data, estimates or statements of charges submitted hereunder until the later of (i) a period of at least three (3) years after the date the monthly invoice was received by the City, or (ii) if there is a dispute relating to an invoice, the date that is three (3) years after the date on which such dispute is resolved.

(b) Audit Rights. The City or its representative(s) shall have the right to audit the accounts, books and records of Lessee and its Affiliates to the extent reasonably necessary to verify the accuracy of any statement, charge, computation, or demand made under or pursuant to this Agreement and compliance with this Agreement. Any such audit(s) shall be undertaken at reasonable times and appropriate locations and consistent with Generally Accepted Accounting Principles, consistently applied; provided that the City shall be limited to one audit per PV Facility under this Section 10.3(b) during each Contract Year. Lessee agrees to reasonably cooperate with any such audit(s). This right to audit shall extend for a period of three (3) years following the date of each payment under this Agreement. The City shall pay the costs of any audit, unless the audit reveals a discrepancy or discrepancies in excess of 2% of the amounts reported in favor of the City, in which case Lessee shall pay the reasonable costs of the audit. Any Party discovering an error or discrepancy in any charge or statement shall promptly report the matter to the other Party. The Parties shall thereafter cooperate to correct the charge or statement, and the owing Party shall refund or pay, as applicable, any overpayment or underpayment, with interest at the

Specified Rate from the date of overpayment or underpayment to the date on which payment is made; provided however, if no such errors or discrepancies are reported within three (3) years from the end of the Contract Year in which such error or discrepancy occurred, the same shall be conclusively deemed to be correct absent fraud. Lessee shall cause its Affiliates to comply with the requirements of this Section 10.3(b).

ARTICLE 11 EVENTS OF DEFAULT; REMEDIES

11.1 Lessee Events of Default. The occurrence of any one or more of the following events shall constitute a breach of this Agreement by Lessee (each a “Lessee Default”):

(a) The System fails to generate at least fifty percent (50%) of the Expected Output as set forth on Exhibit H, pro rated for any portion of a year that the determination hereby is made, for a continuous period of ninety (90) days or for one hundred twenty (120) days in any nine (9) month period, other than as a result of Force Majeure or inclement weather, and the City notifies Lessee of the failure. If Lessee has commenced and is continuing to attempt to effect a cure within thirty (30) days of the date of receipt of such notice, a Lessee Default shall not be deemed to have occurred until the expiration of such longer period as may be reasonably necessary to complete the cure, but in no event shall such longer period exceed an additional ninety (90) days.

(b) Lessee fails to pay any amount of money payable hereunder, including without limitation any Taxes, when due, and such failure continues for more than ten (10) days after receipt of written notice from the City that such amount is past due.

(c) Lessee fails to perform, keep or observe, or otherwise breaches, any of the covenants, conditions, agreements or obligations of Lessee under this Agreement (other than as covered or described elsewhere in this Section 11.1) and such failure or breach continues for more than thirty (30) days after receipt of written notice from the City, or such additional time as may be reasonably necessary to remedy such default so long as Lessee is at all times diligently and expeditiously proceeding to cure such default and in fact cures such default within a reasonable time; provided, however, that such additional time beyond thirty (30) days shall not apply to a default that creates a present danger to persons or property or that materially or adversely affects the City's interest in the Property or the each Site(s), or if the failure or default by Lessee is one for which the City (or any official, employee or other agent) may be subject to fine or imprisonment.

(d) Lessee abandons or vacates the Property during the Term.

(e) Lessee suffers or permits any Liens or encumbrances to attach to the Property or the leasehold interest of Lessee and Lessee fails to discharge said Liens or encumbrances within thirty (30) days following written notice thereof, or within ten (10) days prior to any sale or disposition or forfeiture pursuant to such execution, whichever date shall first occur.

(f) Lessee fails to carry all required insurance under this Agreement and such failure continues for (i) thirty (30) days after receipt of written notice from the City, so long as the City receives prior written notice of at least sixty (60) days from the insurer of any change, cancellation or non-renewal thereof as provided in Section 16.2 hereof, or (ii) ten (10) days after receipt of written notice from the City, in the event that the City receives less than sixty (60) days' written notice from the insurer of any change, cancellation or non-renewal thereof.

(g) Lessee (or any person having more than a 7.5% direct or indirect ownership interest in Lessee) makes or furnishes any affidavit, statement, certification, disclosure, representation, warranty, schedule or report to the City (whether in this Agreement, an Economic Disclosure Statement or another document) which is false or misleading in any material respect as of the date made or ceases to remain true during the term of this Agreement.

(h) Lessee fails to comply with an order of a court of competent jurisdiction or proper order of a governmental agency relating to this Agreement within the required time period.

(i) Lessee defaults under any other agreement it may presently have or may enter into with the City during the Term of this Agreement, and fails to cure said default within any applicable cure period. Lessee agrees that in case of an Event of Default under this Agreement, the City also may declare a default under any such other agreements.

(j) Lessee: (i) is dissolved (other than pursuant to a consolidation, amalgamation or merger); (ii) becomes insolvent or admits in writing its inability, or is generally unable, to pay its debts as they become due; (iii) institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any federal or state bankruptcy or insolvency act or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition (1) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (2) is not dismissed, discharged, stayed or restrained in each case within sixty (60) days of the institution or presentation thereof; (iv) has a resolution passed for its winding-up, official management or liquidation (other than pursuant to a consolidation, amalgamation or merger); (v) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets; (vi) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets; (vii) causes or is subject to any event with respect to it, which, under the applicable Laws of any jurisdiction, has an analogous effect to any of the events specified in clauses (i) through (vii) (inclusive); or (viii) takes any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any of the foregoing acts.

(k) Lessee assigns this Agreement or any of its rights hereunder, except as may be permitted under Article 18.

11.2 City's Remedies. Upon the occurrence of a Lessee Default, the City may exercise any one or more of the following described remedies, in addition to all other rights and remedies provided elsewhere herein or at law or equity:

(a) terminate this Agreement upon prior written notice to Lessee of at least thirty (30) days, in which event the City may forthwith repossess the Property and be entitled to recover forthwith as damages any sums for which Lessee is liable or in respect of which Lessee has agreed to indemnify the City under any provisions of this Agreement which may then be due and owing;

(b) suspend performance of its obligations under this Agreement;

(c) draw upon the Letter of Credit and use the proceeds thereof to pay or reimburse the City for performance of Lessees' obligations or compensate the City for any damages owed to the City by Lessee;

(d) if the applicable Lessee Default arises out of Lessee selling the Solar Energy to a third party in violation of this Agreement, Lessee agrees that in addition to other remedies available to the City, Lessee shall pay the City an amount equal to the proceeds of any third-party sales;

(e) deem Lessee non-responsible in future procurements by the City; and

(f) pursue any other remedy it may have at law or in equity.

11.3 City Defaults. The occurrence of any one or more of the following events shall constitute a breach of this Agreement by the City (each, a "City Default"):

(a) [intentionally omitted]; or

(b) The City fails to perform, keep or observe, or otherwise breaches, any of the covenants, conditions, agreements or obligations of the City under this Agreement (other than as covered or described elsewhere in this Section 11.3) and such failure or breach continues for more than thirty (30) days after receipt of written notice from Lessee, or such additional time as may be reasonably necessary to remedy such default so long as the City is at all times diligently and expeditiously proceeding to cure such default and in fact cures such default within a reasonable time; or

(c) If (i) the City shall be adjudicated bankrupt or become subject to an order for relief under federal bankruptcy law, (ii) the City shall institute a proceeding seeking an order for relief under federal bankruptcy law or seeking a reorganization, arrangement, adjustment or composition of it or all of its debts under Illinois bankruptcy law, (iii) with the consent of the City, there shall be appointed a receiver, liquidator or similar official for the City under federal bankruptcy law or under Illinois bankruptcy law, or (iv) without the application, approval or consent of the City, a receiver, trustee, liquidator or similar official shall be appointed for the City under federal bankruptcy law or under Illinois bankruptcy law or a proceeding described in clause (ii) above shall be instituted against the City, and such appointment continues undischarged or such proceeding continues undismissed or unstayed for a period of sixty (60) consecutive days.

11.4 Lessee's Remedies. Upon the occurrence of a City Default, Lessee may exercise any one or more of the following described remedies, in addition to all other rights and remedies provided elsewhere herein or at law or equity:

(a) terminate this Agreement upon prior written notice to the City of at least thirty (30) days;

(b) cease the provision of all Solar Energy and remove the System in compliance with the conditions of Section 3.7 hereof;

(c) sell to a third Person, free and clear of any claims by the City, all Solar Energy for such period during which Lessee suspends performance hereunder; or

(d) in case of a City Default which results in a termination of this Agreement by Lessee, in lieu of any other remedy hereunder, the City shall pay the Termination Value pursuant to Section 3.7(b).

11.5 Other Provisions.

(a) In addition to any other right or remedy that the City may have, the City may (but shall not be obligated to) cure at any time, with prior written notice of at least thirty (30) days to Lessee (except in an emergency), any failure by Lessee to perform under this Agreement and whenever the City so elects, all reasonable costs and expenses incurred by the City in curing such failure, including, without limitation, reasonable attorney's fees, shall be paid by Lessee to the City within thirty (30) days following the City's invoice therefor, and if not paid within such 30-day period, shall bear interest at the Specified Rate.

(b) If the City exercises the remedies provided for in Sections 11.5(a) above, Lessee shall surrender possession and vacate the Property or appropriate portion thereof immediately and deliver possession thereof to the City, and Lessee hereby grants to the City full and free license to enter into and upon the Property in such event and take complete and peaceful possession of the Property, to expel or remove Lessee and any other occupants and to remove any and all property therefrom without being deemed in any manner guilty of trespass, eviction, forcible entry and detainer, or conversion of property and without relinquishing the City's right to Rent or any other right given to the City hereunder or by operation of law.

(c) All property removed from the Property by the City pursuant to any provision of this Agreement or by law may be handled, removed or stored in a commercial warehouse or otherwise by the City at the risk, cost and expense of Lessee, and the City shall in no event be responsible for the value, preservation or safekeeping thereof. Lessee shall pay the City, upon demand, any and all expenses incurred by the City in such removal and storage charges against such property so long as the same shall be in the City's possession or under the City's control. All property not removed from the Property or retrieved from storage by Lessee within thirty (30) days after receipt of written notice from the City shall, if the City so elects, be conclusively deemed to have been forever abandoned by Lessee, in which case such property may be sold or otherwise disposed of by City without further accounting to Lessee.

(d) Lessee shall pay all of the City's costs, charges and expenses, including court costs and attorneys' fees, incurred in successfully enforcing Lessee's obligations under this Agreement.

(e) No waiver by the City of default of any of the terms, covenants or conditions hereof to be performed, kept and observed by Lessee shall be construed to be or act as a waiver of any subsequent default of any of such terms, covenants and conditions. No failure by the City to timely bill Lessee for any rentals, fees or charges of any kind shall in any way affect or diminish Lessee's obligation to pay said amounts. The acceptance of Rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Lessee, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts except an express written waiver, shall not be construed as a waiver of any right hereby given the City, or as an election not to proceed under the provisions of this Agreement. The rights and remedies hereunder are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another, except where rights and remedies are specifically limited as set forth elsewhere in this Agreement.

ARTICLE 12
LIMITATION OF LIABILITY; SURVIVAL

12.1 Limitation on Liability. The City and Lessee each hereby expressly, irrevocably, fully and forever releases, waives and relinquishes any and all right to receive from the other (or any past, present or future member, trustee, director, officer, employee, agent, representative, or advisor of the other), in any claim, demand, action, suit, proceeding or cause of action in which the City and Lessee are parties, special, punitive, exemplary, incidental, indirect, or consequential damages, or losses or damages for lost revenue or lost profits or other business interruption damages, which in any way (directly or indirectly) arises out of, results from or relates to any of the following, in each case whether now existing or hereafter arising, whether foreseeable or not, and whether based on contract or tort or any other legal basis: this Agreement; any past, present or future act, omission, conduct or activity with respect to this Agreement; any transaction, event or occurrence contemplated by this Agreement; the performance of any obligation or the exercise of any right under this Agreement; or the enforcement of this Agreement. Lessee and the City reserve the right to recover actual damages, with interest, attorneys' fees, costs and expenses as provided in this Agreement, for any breach of this Agreement. To the extent any damages required to be paid hereunder are liquidated, the Parties acknowledge that the damages are difficult or impossible to determine, that otherwise obtaining an adequate remedy is inconvenient, and that the liquidated damages constitute a reasonable approximation of the anticipated harm or loss. It is the intent of the Parties that the limitations herein imposed on remedies and the measure of damages be without regard to the cause or causes related thereto, including the negligence of any Party, whether such negligence be sole, joint or concurrent, or active or passive. The Parties hereby waive any right to contest such payments as an unreasonable penalty. The Parties acknowledge and agree that money damages and the express remedies provided for herein are an adequate remedy for the breach by the other of the terms of this Agreement, and each Party waives any right it may have to specific performance with respect to any obligation of the other Party under this Agreement.

12.2 Survival. The provisions of this Article 12 shall survive the termination of this Agreement.

12.3 Third-Party Claims. The provisions of this Article 12 shall not apply with respect to claims made pursuant to Section 16.1.

ARTICLE 13
FORCE MAJEURE

13.1 Definition.

(a) "Force Majeure Event" means any act or event that delays or prevents a Party from timely performing all or a portion of its obligations under this Agreement or from complying with all or a portion of the conditions under this Agreement if such act or event, despite the exercise of reasonable efforts, cannot be avoided by and is beyond the reasonable control, and not the result of the fault or negligence, of the affected Party and such Party has been unable to overcome such act or event with the exercise of due diligence (including the expenditure of commercially reasonable sums). Subject to the foregoing conditions, a Force Majeure Event may include: (i) natural phenomena, such as storms, tornados, floods, lightning and earthquakes; (ii) explosions or fires arising from lightning or other causes unrelated to the acts or omissions of the Party seeking to be excused from performance; (iii) acts of war or public disorders, civil disturbances, riots, insurrection, sabotage, epidemic, terrorist acts, or rebellion; (iv) any restraint

or restriction imposed by a Governmental Authority, which by exercise of due diligence and in compliance with applicable Law a Party could not reasonably have been expected to avoid and to the extent which, by exercise of due diligence and in compliance with applicable Law, has been unable to overcome (so long as the affected Party has not applied for or assisted such act by a Governmental Authority).

(b) Notwithstanding the foregoing, the term “Force Majeure Event” does not include:

(i) [intentionally omitted], or

(ii) inability of a Party to make payment when due under this Agreement, unless the cause of such inability is an event that would otherwise constitute a Force Majeure Event as described above.

13.2 Excused Performance. Except as otherwise specifically provided in this Agreement, neither Party shall be considered in breach of this Agreement or liable for any delay or failure to comply with the Agreement, if and to the extent that any failure or delay in such Party’s performance of one or more of its obligations hereunder is attributable to the occurrence of a Force Majeure Event; provided, that the Party claiming relief under this Article 13 shall as soon as practicable (a) notify the other Party in writing of the existence of the Force Majeure Event, (b) exercise all Commercially Reasonable Efforts necessary to minimize delay caused by such Force Majeure Event, (c) notify the other Party in writing when it is able to resume performance of its obligations and compliance with such conditions under this Agreement, and thereafter (d) resume performance of its obligations hereunder. If Lessee claims relief pursuant to a Force Majeure Event, the City shall be excused from making payment to Lessee until Lessee resumes performing its obligations under this Agreement; provided, however, that the City shall not be excused from making any payments due for any Solar Energy delivered prior to the Force Majeure Event performance interruption. If deliveries of Solar Energy are prevented in whole or in part by a Force Majeure Event, the deliveries in question shall not be made up and the term of this Agreement shall not be extended to permit any makeup or offset of the lost deliveries.

13.3 Force Majeure Termination.

(a) Either Party may terminate this Agreement, without liability to the other Party, by giving written notice of such termination to the other Party, if a single Force Majeure Event occurs and prevents Lessee from making available, or the City from taking, all of the Solar Energy, or its other material obligations or conditions under this Agreement for a period of one hundred twenty (120) consecutive days or one hundred eighty (180) days in the aggregate, provided, that if the claiming Party is the Party electing to terminate this Agreement, the claiming Party shall only be entitled to terminate this Agreement under this Section 13.3(a) if it has met its obligations under Section 13.2. Such termination shall be effective upon receipt of notice from the terminating Party by the non-terminating Party.

(b) Notwithstanding the provisions of Section 13.3(a), if the Force Majeure Event is one that has materially and adversely affected the production and sale of Solar Energy as contemplated by this Agreement and if:

(i) the Force Majeure Event is such that the suspension can be corrected through repair or restoration work to the System or other actions by Lessee;

(ii) Lessee furnishes to the City as soon as practicable after such Force Majeure Event, but in no event later than ninety (90) days after the occurrence of such Force Majeure Event, the plans and, if applicable, the construction contract, for the restoration or repair of the System, together with evidence reasonably satisfactory to the City of the total cost of restoration or repair of the System and of Lessee's ability to finance such total cost;

(iii) the City has the reasonable opportunity to review and comment on such plans and financing; and

(iv) Lessee has undertaken and is diligently pursuing the repair work, restoration or other actions, then neither Party shall have the right to terminate this Agreement during such suspension so long as Lessee is using Commercially Reasonable Efforts and applying Prudent Industry Practice to complete such repair work, restoration or such other actions.

13.4 Obligations. No Party shall be relieved by operation of this Article 13 of any liability for breach of any obligations that were to be performed or that accrued prior to the Force Majeure Event. If the City claims relief pursuant to a Force Majeure Event, Lessee may sell all or a portion of the Solar Energy to any Person; provided that no such sale shall be for a term of more than one hundred twenty (120) consecutive days. Upon resumption of the City's ability to perform under this Agreement, Lessee shall continue to be excused for failure to make available Solar Energy to the City to the extent resulting from Lessee's obligations under third-party contracts that Lessee entered into as permitted under this Section 13.4, until such third-party contracts are required to be terminated in accordance with the following:

(a) if the estimated duration of the Force Majeure Event, as stated in the notice provided by the City pursuant to Section 13.2 (as may be updated from time to time), is less than 180 days, Lessee shall use Commercially Reasonable Efforts, but shall not be required, to terminate such sales prior to the end of the period stated in the notice (as updated from time to time) if the actual period of such Force Majeure Event ends prior to such date, and

(b) in the event that the estimated duration of such Force Majeure Event, as stated in the original notice provided by the City pursuant to Section 13.2, is equal to or greater than 180 days, Lessee shall terminate such sales no later than the date that is 30 days after the City delivers notice to Lessee that the period of such Force Majeure Event has ended; provided, however, that Lessee shall use Commercially Reasonable Efforts, but shall not be required, to terminate such sales on such lesser notice as the City may provide; provided, further, that notwithstanding anything to the contrary in this Agreement, Lessee shall not be required to terminate such sales prior to the date that the City estimated as the date of the end of the period of the Force Majeure Event in its original notice specifying the estimate of the period of such Force Majeure Event.

ARTICLE 14 GENERAL COVENANTS

14.1 Lessee's Covenants. As a material inducement to the City's execution and delivery of this Agreement, Lessee covenants and agrees to the following:

(a) **System Condition.** Lessee shall take all actions consistent with Prudent Industry Practice to ensure that the System is capable of providing Solar Energy at the Minimum Guaranteed Output.

(b) Permits and Approvals. Lessee shall obtain and maintain all Permits necessary to design, install, construct, own, operate, monitor, maintain and repair the System and generate, deliver and sell Solar Energy in accordance with this Agreement. Lessee shall deliver copies of all such Permits to the City.

(c) Health and Safety. Lessee shall take all necessary and reasonable safety precautions with respect to the installation, operation and maintenance of the System, in compliance with all applicable Law relating to the safety of persons and real and personal property. Lessee shall immediately report to the City any death, lost time, injury or damage to the City's property that occurs at any Site.

(d) Liens and Encumbrances. Lessee shall not engage in any financing or other transaction which would create any mortgage, encumbrance or Lien on the Property, or directly or indirectly cause, create, incur, assume or suffer to exist any Liens on or with respect to the Property or any interest therein without the prior written consent of the City. Lessee shall promptly pay when due all Taxes, bills, debts, obligations, charges or fees relating to any work or services performed under this Agreement by Lessee or its Contractors on the Property. If Lessee breaches its obligations under this Section 14.1(d), it shall immediately notify the City in writing, shall promptly cause such Lien to be discharged and released of record without cost to the City, and shall defend and indemnify the City against all costs and expenses (including reasonable attorneys' fees and court costs at trial and on appeal) incurred in discharging and releasing such Lien.

(e) No Infringement. The System and Lessee's services hereunder, including, but not limited to, the installation, operation and maintenance of the System, or any portion thereof, shall not infringe any third party's intellectual property or other proprietary rights.

(f) Laws. Lessee shall carry out the activities set forth in this Agreement in accordance with all applicable Laws.

14.2 City Covenants. As a material inducement to Lessee's execution and delivery of this Agreement, the City covenants and agrees that it shall not directly or indirectly cause, create, incur, assume or suffer to exist any Liens on or with respect to the System or any interest therein. If the City breaches its obligations under this Section 14.2, it shall immediately notify Lessee in writing, and shall promptly cause such Lien to be discharged and released of record without cost to Lessee.

ARTICLE 15 REPRESENTATIONS AND WARRANTIES

15.1 Lessee's Representations and Warranties. In addition to any other representations and warranties contained in this Agreement, Lessee represents and warrants as follows:

(a) Lessee is a _____, duly organized, validly existing and in good standing under the laws of the State of _____, and is qualified to conduct business in each jurisdiction where the failure to so qualify would have a material adverse effect on the business or financial condition of Lessee.

(b) Lessee has the full right, power and authority to enter into, execute, deliver and perform its obligations under this Agreement, and is not prohibited from entering into this

Agreement or discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement.

(c) Lessee's execution, delivery and performance of this Agreement and all instruments and agreements contemplated hereby have been duly authorized by all necessary corporate or other action, and will not violate any existing applicable Law or result in a breach of, or constitute a default under, any other agreement to which Lessee is a party or by which any of its property is bound, or require the consent of any trustee or holder of any indebtedness or any other party to any other agreement with Lessee.

(d) This Agreement constitutes a legal, valid and binding obligation of Lessee, enforceable against Lessee in accordance with its terms, except as may be limited by applicable federal or state bankruptcy or insolvency act or other similar laws now or hereafter in effect affecting creditors' rights, or by the exercise of judicial discretion in accordance with general principles of equity.

(e) There is no action, litigation, investigation or proceeding pending or, to the best of Lessee's knowledge, threatened against Lessee or its Affiliates by or before any court or other Governmental Authority, and Lessee knows of no facts which could give rise to any such action, litigation, investigation or proceeding, which could: (i) affect the ability of Lessee to perform its obligations hereunder; or (ii) materially affect the operation or financial condition of Lessee.

(f) Lessee is now and for the term of this Agreement shall remain solvent and able to pay its debts as they mature.

(g) Lessee is not in default with respect to any indenture, loan agreement, mortgage, note or any other agreement or instrument related to the borrowing of money to which Lessee is a party or by which Lessee is bound.

(h) All certifications and statements contained in the Economic Disclosure Statement(s) last submitted to the City by Lessee (and any legal entity holding an interest in Lessee) are true, accurate and complete.

(i) Lessee has obtained or will obtain prior to the commencement of deliveries of Solar Energy hereunder, all Permits required by any Governmental Authority in order to perform its obligations hereunder.

(j) Lessee is not, and during the term of this Agreement shall not become, a "public utility company," "electric utility company" or a "holding company," "subsidiary company" or "affiliate" or "associate company" thereof, as such items are defined in the Public Utility Holding Lessee Act of 1935, as amended.

(k) Lessee has the requisite expertise and sufficiently skilled manpower, personnel and resources (including necessary supervision and support services) to install, operate and maintain the System and deliver the Solar Energy within the time limits and for the term of and in accordance with the other conditions set forth in this Agreement. Lessee shall ensure that its employees have the requisite training and are otherwise able to competently perform the installation, operation and maintenance work, and deliver the Solar Energy as required herein. Lessee guarantees and warrants that the installation, operation and maintenance of the System, and the delivery of Solar Energy pursuant to this Agreement, will comply with applicable Law.

(l) Lessee represents and warrants that the System Development Costs shall be as set forth on Exhibit K hereto (which amounts shall be determined after giving effect to any and all adjustments contemplated thereby). ARTICLE 16 INDEMNITY; INSURANCE

16.1 Lessee's Indemnity.

(a) Lessee shall indemnify, defend and hold the City and any official, officer, agent, employee, contractor and representative of the City and their respective representatives, successors and assigns (each, a "City Indemnified Party") harmless from and against any and all Losses which may be imposed upon or incurred by or asserted against any City Indemnified Party, regardless of the legal theories upon which premised, in any way resulting from, relating to, or arising from or out of, directly or indirectly:

(i) any acts or omissions of Lessee or any Lessee Parties in connection with its operations or performance under this Agreement or its use or occupancy of real property or use of personal property hereunder;

(ii) any use, non-use, possession, occupation, alteration, repair, condition, operation, maintenance or management of the Property or any easement areas, to the extent attributable to any act or omission of Lessee or any Lessee Parties;

(iii) any accident, injury (including death, sickness and disease) or damage to any person or property (including City Property and City Indemnified Parties) occurring in, on or about the Property;

(iv) any failure to perform or comply with any of the covenants, agreements, terms or conditions contained in this Agreement on Lessee's part to be performed or complied with (other than the payment of money);

(v) any Lien or claim which may be alleged to have arisen against or on the Property, or any Lien or claim which may be alleged to have arisen out of this

Agreement and created or permitted to be created by Lessee against any assets of the City, or any liability which may be asserted against the City with respect thereto;

(vi) any action or proceedings brought against the City or the Property, or any part thereof, by virtue of any violation or alleged violation by Lessee or the Property of any Laws; and

(vii) any claim by third parties that the City or Lessee has infringed ownership rights in intellectual property.

Lessee's indemnity obligation does not apply to liability or damages proximately caused by the sole negligence of any City Indemnified Party. This indemnification shall survive the Closing or any termination of this Agreement (regardless of the reason for such termination).

(b) Any City Indemnified Party shall utilize the following procedure in enforcing any and all claims for indemnification against Lessee.

(i) If any claim, action or proceeding is made or brought against any City Indemnified Party against which it is indemnified under Section 16.1(a) hereof, then, the City Indemnified Party shall give notice hereunder to Lessee promptly after obtaining written notice of any claim as to which recovery may be sought against it. If such indemnity shall arise from the claim of a third party, Lessee may elect to assume the defense of any such claim and any litigation resulting from such claim at its own expense; provided, however, that failure by Lessee to notify the City Indemnified Party of its election to defend any such claim or action by a third party within thirty (30) days after notice thereof shall have been received by Lessee shall be deemed a waiver by Lessee of its right to defend such claim or action. Any notice given pursuant to this Section 16.1(b) shall include copies of any pleadings or demands. Subject to the foregoing provisions of this Section 16.1(b), the right to indemnification hereunder shall not be affected by any failure of the City Indemnified Party to give such notice or delay by them in giving such notice unless, and then only to the extent that, the rights and remedies of Lessee shall have been prejudiced as a result of the failure to give, or delay in giving, such notice.

(ii) If Lessee shall assume the defense of any City Indemnified Party with respect to such claim or litigation, its obligations hereunder as to such claim or litigation shall include taking all steps necessary in the defense or settlement of such claim or litigation against the City Indemnified Party and holding the City Indemnified Party harmless from and against any and all damages caused by or arising out of any settlement approved as provided herein, or any judgment in connection with such claim or litigation. Any counsel employed by Lessee to represent the City's interest shall be subject to the City's prior approval, not to be unreasonably withheld, conditioned or delayed. Approval shall not be required with respect to counsel employed by insurance companies providing required coverages under this Agreement. Notwithstanding any provision in this Section 16.1 to the contrary, in the event that Lessee assumes the defense of such claim or litigation, Lessee shall notify the City Indemnified Party and the City of all such defenses it proposes to assert and the City may determine, in its sole discretion, whether any of the defenses may be deemed not to be in the best interests of each Site(s). If the City determines that any such defense is not in the each Site(s)'s best interests: (a) Lessee shall not pursue the objectionable defense but shall be obligated to pursue in accordance with this Section 16.1 the remaining defenses to the claim or litigation; and (b) if a judgment or settlement is entered against or made on behalf of the City Indemnified Party, Lessee

shall not have any obligation to indemnify the City Indemnified Party under this Section 16.1 for the amount of such judgment or settlement provided that such objectionable defense would have been successful. Lessee shall not, in the defense of such claim or litigation, consent to the entry of any judgment (other than a judgment of dismissal on the merits without costs) except with the written consent of the City Indemnified Party (which consent shall not be unreasonably withheld) or enter into any settlement (except with the written consent of the City Indemnified Party, which shall not be unreasonably withheld) which does not include as an unconditional term thereof the giving by the claimant or the plaintiff to the City Indemnified Party, a release from all liability in respect of such claim or litigation. Anything in this Section 16.1 to the contrary notwithstanding, the City Indemnified Party may, with counsel of its choice and at its expense, participate in the defense of any such claim or litigation.

(iii) If Lessee shall not assume the defense of any such claim by a third party or litigation after receipt of notice from the City Indemnified Party, the City Indemnified Party may defend against such claim or litigation in such manner as it deems appropriate, and unless Lessee shall, at its option, provide a bond to, or deposit with the City Indemnified Party, a sum equivalent to the total amount demanded in such claim or litigation plus the City Indemnified Party's estimate of the costs of defending the same, the City Indemnified Party may settle such claim or litigation on such terms as it may reasonably deem appropriate, and Lessee shall promptly reimburse the City Indemnified Party for the amount of such settlement and for all damage incurred by it in connection with the defense against or settlement of such claim or litigation. If Lessee shall provide such bond or deposit, the City Indemnified Party shall not settle any such claim or litigation without the written consent of the Lessee, which shall not be unreasonably withheld.

(iv) Lessee shall promptly reimburse the City Indemnified Party for the amount of any judgment rendered and for all damages, costs, reasonable fees and expenses incurred or suffered by it in connection with the defense against such claim or litigation.

(c) The City shall not be liable to Lessee or any Lessee Parties for any injury to, or death of, any of them or of any other person or for any damage to Lessee's or any Lessee Party's property or loss of revenue caused by any third person in the maintenance, construction or operation of facilities at the each Site(s) or the Property, or caused by any third person using each Site(s) or the Property, or caused by any third person navigating any aircraft on or over each Site(s) or the Property, nor, to the extent permitted by Law, shall the City have any liability whatsoever to Lessee or any Lessee Parties for any damage, destruction, injury, loss or claim of any kind arising out of the use by any of the aforementioned of any parking lot located either on or off each Site(s). The City shall not be liable to Lessee or any Lessee Parties for damage to Lessee's or any Lessee Party's property or any loss of revenue to Lessee or any Lessee Party resulting from the City's acts or omissions in the maintenance and operation of each Site(s).

(d) The obligations of Lessee under this Section 16.1 shall survive the termination of this Agreement, and shall not be affected in any way by the amount of or the absence in any case of covering insurance, or by the failure or refusal of any insurance carrier to perform any obligation on its part under insurance policies affecting the Property or any part thereof.

(e) The City's officials, commissioners, agents and employees, shall, to the extent permitted by Law, have absolutely no personal liability with respect to any provision of this

Agreement or any obligation or liability arising from this Agreement or in connection with this Agreement or the Property in the event of a breach or default by the City of any of its obligations.

(f) Notwithstanding any other provision of this Agreement to the contrary, to the extent permitted by Law, Lessee hereby waives any and every claim for recovery from the City for any and all loss or damage to the Property or to the contents thereof, which loss or damage is covered by valid and collectable physical damage insurance policies maintained by Lessee or which would have been recoverable if the insurance required hereunder had been maintained by Lessee, to the extent that such loss or damage is recoverable, or would have been recoverable, as applicable, under said insurance policies. As this waiver will preclude the assignment of any such claim by subrogation (or otherwise) to an insurance company (or any other person), Lessee agrees to give each insurance company which has issued, or in the future may issue, its policies of physical damage insurance, written notice of the terms of this waiver, and to have said insurance policies properly endorsed, if necessary, to prevent the invalidation of insurance coverage by reason of said waiver. Lessee shall require the Lessee Parties to include similar waivers of subrogation in favor of the City.

(g) Lessee's indemnity obligation includes reasonable litigation fees and expenses, including court filing fees, court costs, arbitration fees or costs, witness fees, and all other fees and costs of investigating and defending or asserting any claim for indemnification under this Agreement, including in each case, reasonable attorneys' fees, other professionals' fees and disbursements.

(h) Insurance coverage requirements specified in this Agreement in no way lessen or limit the liability of the Lessee under the terms of this indemnification obligation. Lessee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection in the performance of this Agreement.

16.2 Insurance.

(a) Lessee and its Contractors shall procure and maintain, or cause to be procured and maintained, at all times during the Term of this Agreement, and on any earlier date Lessee or its Contractor is permitted to enter onto the Property, and until each and every obligation of Lessee contained in this Agreement has been fully performed (including during any time period following expiration if Lessee or its Contractors performs any work), the types of insurance specified in Exhibit M, with insurance companies authorized to do business in the State of Illinois covering all operations under this Agreement, whether performed by Lessee or by its Contractors.

(b) Lessee will furnish the City, Department of Finance, Risk Management Office, 333 South State, Room 400, Chicago, Illinois, 60604, and the City, Department of Fleet and Facility Management, _____ Division, 30 North LaSalle Street, Suite ____, Chicago, Illinois 60602, original certificates of insurance evidencing the required coverage to be in force on the date of this Agreement, and renewal certificates of insurance, or such similar evidence, if coverages have an expiration or renewal date occurring during the term of this Agreement. Lessee shall submit evidence of insurance on the City of Chicago Insurance Certificate of Coverage Form (or other equivalent form acceptable to the City) upon its execution of this Agreement. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements of this Agreement. The failure of the City to obtain certificates or other insurance evidence from Lessee shall not be deemed to

be a waiver by the City. Lessee shall advise all insurers of these provisions regarding insurance. Non-conforming insurance shall not relieve Lessee of the obligation to provide insurance as specified herein. Non-fulfillment of the insurance conditions shall constitute a violation of this Agreement, and the City retains the right to stop work until proper evidence of insurance is provided or terminate this Agreement as provided in Section 11.2.

(c) If Lessee fails to obtain or maintain any of the insurance policies under this Agreement or to pay any premium in whole or in part when due, the City may (without waiving or releasing any obligation or default by Lessee hereunder) obtain and maintain such insurance policies and take any other action which the City deems reasonable and any costs incurred by the City in obtaining and maintaining such policies, including reasonable attorneys' fees, court costs and expenses, shall be reimbursed by Lessee upon demand by the City.

(d) The insurance shall provide for prior written notice of at least sixty (60) days to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

(e) Lessee shall require all Contractors to carry the insurance required herein, or Lessee may provide the coverage for any or all Contractors. The Contractors shall be subject to the same insurance requirements of Lessee unless otherwise specified herein.

(f) Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Lessee.

(g) Lessee hereby waives and agrees to require its insurers to waive their rights of subrogation against the City and City Parties.

(h) Lessee expressly understands and agrees that any coverages and limits furnished by Lessee or its Contractors shall in no way limit Lessee's or its Contractors' liabilities and responsibilities specified within this Agreement or by applicable Law.

(i) Lessee expressly understands and agrees that any insurance or self insurance programs maintained by the City shall not contribute with insurance provided by the Lessee under this Agreement.

(j) The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

(k) If Lessee is a joint venture or limited liability company, the insurance policies shall name the joint venture or limited liability company as a named insured.

(l) If Lessee or its Contractors desire additional coverage, higher limits of liability, or other modifications for its own protection, then Lessee or its Contractors shall each be responsible for the acquisition and cost of such additional protection. Lessee agrees to obtain such increases in limits or coverages as the City may, from time to time, reasonably request during the Term hereof.

(m) The City (through its Risk Management Department or any successor thereto) maintains the right to modify, delete, alter, or change these requirements upon reasonable prior written notice to Lessee to the extent that the City determines, in its reasonable discretion, that such modification, deletion, alteration, or change is reasonably necessary and is

otherwise consistent with insurance coverages and requirements applicable to other similar facilities.

(n) The insurance required by this Agreement, at the option of Lessee, may be effected by blanket or umbrella policies issued to Lessee, provided that the policies otherwise comply with the provisions of this Agreement and allocate to this Agreement the specified coverage, without possibility of reduction or coinsurance.

ARTICLE 17 DISPUTE RESOLUTION

17.1 Conference. If any dispute arises with respect to a Party's performance hereunder, either Party (the "Initiating Party") may submit a summary of the issue and its position with respect to said issue in writing to the non-Initiating Party. The non-Initiating Party shall, within thirty (30) days of receipt of the writing from the Initiating Party, respond with a written response of its position on the issue. Either Party may, after the exchange of written positions, send a Notice of Dispute to the other Party requesting a meeting of the Designated Representatives to attempt to resolve such dispute. The Designated Representatives shall meet, either in person or by telephone, within ten (10) Business Days of delivery of the Notice of Dispute or such other time as mutually agreed upon by the Designated Representatives. If the Designated Representatives are unable to resolve such dispute within thirty (30) days after their initial meeting (in person or by telephone), management personnel with authority to resolve the dispute shall meet, either in person or by telephone, within ten (10) Business Days after either Party delivers written notice that the Designated Representatives have been unable to resolve such dispute or such other time as mutually agreed upon by the Parties. If such management personnel are unable to resolve such dispute within fifteen (15) Business Days after their initial meeting (in person or by telephone), the Parties may agree to arbitrate the dispute or either Party may refer the dispute to a court pursuant to Section 17.3.

17.2 Arbitration. The Parties may, by mutual agreement, resolve any dispute arising out of or relating to this Agreement or the breach thereof, which cannot be resolved pursuant to the procedures described in Section 17.1, by arbitration in accordance with this Section 17.2. This agreement to arbitrate shall be specifically enforceable under the prevailing arbitration law. The award of the arbitrators shall be final, and a judgment may be entered upon it by any court having jurisdiction. A Party desiring to invoke this arbitration provision shall serve written notice upon the other of its desire to do so. Within ten (10) Business Days after receipt of such notice, the other Party shall accept or reject the offer to arbitrate. If the Parties agree to arbitrate, each shall, within fifteen (15) Business Days after the date of the notice to accept arbitration, serve upon the other the name of one individual, knowledgeable in matters pertaining to the performance of power purchase agreements and to the subject matter of the dispute, to serve as an arbitrator. If either Party fails to select an arbitrator and notify the other Party of that selection within such 15-day period the other Party may request the American Arbitration Association to select the arbitrator. The two arbitrators so selected shall select a third arbitrator within fifteen (15) days after the selection of the two arbitrators or, if the two arbitrators cannot agree upon a third arbitrator, the American Arbitration Association shall select the third arbitrator. The arbitration shall be conducted in accordance with the Commercial Arbitration Rules of the American Arbitration Association then prevailing, and shall be conducted in Cook County, Illinois, unless the Parties agree otherwise. Discovery shall be made available in accordance with the procedures set forth in the Federal Rules of Civil Procedure, but to a degree limited by the arbitrators as they deem appropriate to render the proceedings economical, efficient, expeditious and fair. Interest at the Specified Rate shall be added to any monetary award for sums found to

have been due under this Agreement. Each Party shall bear its own costs of the arbitration and the Parties shall equally divide the fees and costs-of the three arbitrators.

17.3 Legal Proceedings. In the absence of an agreement to arbitrate, any dispute arising out of or relating to this Agreement or the breach thereof, which cannot be resolved pursuant to the procedures described in Section 17.1, shall be brought by an action, suit, or proceeding in the Circuit Court of Cook County or in the United States District Court for the Northern District of Illinois. Each Party hereby irrevocably waives any claim that any such action, suit, or proceeding has been brought in an inconvenient forum and consents to service of process, and waives the right to object that such court does not have jurisdiction over the Parties. The Parties further agree, to the extent permitted by applicable Law, that any final and unappealable judgment against either of them in any proceeding contemplated above shall be conclusive and may be enforced in any other jurisdiction within or outside the United States by suit on the judgment, a certified copy of which shall be conclusive evidence of the fact and amount of such judgment. In order to expedite resolution of any actions, suits, or proceedings that arise under this Agreement, each of the Parties irrevocably waives the right to trial by jury in any such action, suit, or proceeding of any kind or nature in any court to which it may be a Party.

17.4 Performance During Dispute. While any dispute is pending, the Parties shall continue to perform their obligations under this Agreement to the fullest extent possible, without prejudice to their respective positions in the dispute.

ARTICLE 18 ASSIGNMENT AND SUBLETTING

18.1 Prohibition. Except as otherwise provided herein, Lessee shall not, directly or indirectly, transfer or assign this Agreement or any interest herein or sublease the Property or any part thereof, or permit the use or occupancy of the Property by any person or entity other than Lessee, or grant any license, concession, franchise or other rights or interest in this Agreement or the Property, without in each case obtaining the prior written consent of the Commissioner. Lessee shall not, directly or indirectly, without the prior written consent of the City (which consent may not be arbitrarily withheld), pledge, mortgage or hypothecate this Agreement or any interest herein. This Agreement shall not, nor shall any interest herein, be assignable as to the interest of Lessee involuntarily or by operation of law without the prior written consent of the City (which consent may not be arbitrarily withheld or delayed). Lessee agrees that the instrument by which any assignment or sublease through which the City's consent is accomplished shall expressly provide that the assignee or sublessee will perform all of the covenants to be performed by Lessee under this Agreement as and when performance is due after the effective date of the assignment or sublease and that the City will have the right to enforce such covenants directly against such assignee or sublessee. Any attempt by Lessee to transfer an interest in this Agreement or the Property, by document or other agreement or by operation of law in violation of the terms of this Agreement, shall be void and confer no rights on any third party and shall, at the City's option, constitute a default under this Agreement. Lessee shall be permitted to assign this Agreement or sublet all or any portion of the Property without the prior written consent of the City if the assignee or sublessee's interest in this Agreement arises out of the transfer of any of the following: all of Lessee's assets; the transfer of Lessee's assets incident to a merger or corporate consolidation; or a stock purchase by Lessee or of Lessee by an assignee or sublessee.

18.2 Consent. Except as otherwise provided herein, if Lessee wishes to assign this Agreement or sublease all or any part of the Property, Lessee shall give written notice to the City identifying the intended assignee or sublessee by name and address and specifying all of the

terms of the intended assignment or sublease. Lessee shall give the City such additional information concerning the intended assignee or sublessee (including complete financial statements and a business history) or the intended assignment or sublease (including true copies thereof) as the City requests. Except as otherwise provided herein, for a period of thirty (30) days after such written notice is given by Lessee, the City shall have the right, by giving written notice to Lessee, to consent in writing to the intended assignment or sublease, unless the City determines not to consent.

18.3 Completion. If the City consents in writing, Lessee may complete the intended assignment or sublease subject to the following covenants: (a) the assignment or sublease shall be on the same terms as set forth in the written notice given by Lessee to the City, (b) no assignment or sublease shall be valid and no assignee or sublessee shall take possession of the Property or any part thereof until an executed duplicate original of such assignment or sublease has been delivered to the City, and (c) all Excess Rent (as defined below) derived from such assignment or sublease shall be paid to the City. Such excess rent shall be deemed to be, and shall be paid by Lessee to the City as, additional Rent. Lessee shall pay such excess rent to the City immediately as and when such excess rent becomes due and payable to Lessee. As used in this Section 18.3, "Excess Rent" shall mean the amount by which the total money and other economic consideration to be paid by the assignee or sublessee as a result of an assignment or sublease, whether denominated rent or otherwise, exceeds, in the aggregate, the total amount of Rent which Lessee is obligated to pay to the City under this Agreement (prorated to reflect the Rent allocable to the portion of the Property subject to such assignment or sublease).

18.4 Lessee Not Released. Except as otherwise provided herein, no assignment or sublease shall release Lessee from Lessee's obligations and liabilities under this Agreement or alter the primary liability of Lessee to pay all Rent and to perform all obligations to be paid and performed by Lessee. No assignment or sublease shall amend or modify this Agreement in any respect, and every assignment and sublease shall be subject and subordinate to this Agreement. The acceptance of Rent by the City from any other person or entity shall not be deemed to be a waiver by the City of any provision of this Agreement. Consent to one assignment or sublease shall not be deemed consent to any subsequent assignment or sublease. Lessee shall pay to the City all direct costs and shall reimburse the City for all expenses incurred by the City in connection with any assignment or sublease requested by Lessee. Except as otherwise provided herein, if any assignee, sublessee or successor of Lessee defaults in the performance of any obligation to be performed by Lessee under this Agreement, the City may proceed directly against Lessee without the necessity of exhausting remedies against such assignee, sublessee or successor.

ARTICLE 19
[intentionally omitted]

ARTICLE 20
COMPLIANCE WITH ALL LAWS

(c) Chapter 2-56 of the Municipal Code, Office of Inspector General. It shall be the duty of Lessee to cooperate with the Inspector General in any investigation or hearing undertaken pursuant to Chapter 2-56 of the Municipal Code. Lessee understands and will abide by all provisions of Chapter 2-56 of the Municipal Code. All contracts shall inform Contractors of this provision and require understanding and compliance herewith.

(d) Governmental Ethics Ordinance. Lessee shall comply with Chapter 2-156 of the Municipal Code, "Governmental Ethics," including but not limited to Section 2-156-120, pursuant to which no payment, gratuity or offer of employment shall be made in connection with any City contract, by or on behalf of a subcontractor to the prime contractor or higher tier

subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

(e) MacBride Principles Ordinance. The City of Chicago through the passage of the MacBride Principles Ordinance seeks to promote fair and equal employment opportunities and labor practices for religious minorities in Northern Ireland and provides a better working environment for all citizens in Northern Ireland. In accordance with Section 2-92-580 of the Municipal Code, if Lessee conducts any business operations in Northern Ireland, it shall make all reasonable and good faith efforts to conduct any business operations in Northern Ireland in accordance with the MacBride Principles for Northern Ireland as defined in Illinois Public Act 85-1390 (1988 Ill. Laws 3220).

(g) Certification Regarding Various Federal Lists. Lessee hereby warrants and represents to the City that neither Lessee nor any Affiliate of Lessee appears on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws or Regulations: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List.

During the Term of this Agreement, Lessee's violation of the Waste Sections, whether or not relating to this Agreement, constitutes a breach of and an event of default under this Agreement, for which the opportunity to cure, if curable, will be granted only at the sole designation of the Commissioner. Such breach and default entitles the City to all remedies under this Agreement, at law or in equity. This Section does not limit Lessee's and its Contractors' duty to comply with all applicable Laws in effect now or later, and whether or not they appear in this Agreement. Non-compliance with these terms and conditions may be used by the City as grounds for the termination of this Agreement, and may further affect Lessee's eligibility for future agreements with the City.

(i) [intentionally omitted]

(j) Firms Owned or Operated by Individuals with Disabilities. The City encourages contractors, including Lessee, to use subcontractors that are firms owned or operated by individuals with disabilities, as defined by Section 2-92-586 of the Municipal Code, where not otherwise prohibited by federal or state law.

(k) EDS / Certification Regarding Suspension and Debarment. Lessee certifies, as further evidenced in the EDS(s) on file with the City, by its acceptance of this Agreement that Lessee is not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any Federal department or agency. Lessee further agrees by executing this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts and subcontracts. If Lessee or any lower tier participant is unable to certify to this statement, it must attach an explanation to this Agreement. Lessee must promptly update its EDS(s) on file with the City whenever any information or response provided in the EDS(s) is no longer complete and accurate.

20.2 Employment Opportunity. Lessee agrees, and shall contractually obligate its Contractors operating on the Property (collectively, the “Employers” and individually, an “Employer”) to agree, that with respect to the provision of services in connection with the construction of the System:

(a) Neither Lessee nor any Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Section 2-160-010 et seq. of the Municipal Code, as amended from time to time (the “Human Rights Ordinance”). Lessee and each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination, consistent with the Human Rights Ordinance, based upon the foregoing grounds, and are treated in a non-discriminatory manner with regard to all job-related matters, including, without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Lessee and each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, Lessee and each Employer, in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination, consistent with the Human Rights Ordinance, based upon the foregoing grounds.

(b) To the greatest extent feasible, Lessee and each Employer shall (i) present opportunities for training and employment of low and moderate income residents of the City, and (ii) provide that contracts for work in connection with the construction of the System be awarded to business concerns which are located in or owned in substantial part by persons residing in, the City.

(c) Lessee and each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including, without limitation, the Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), both as amended from time to time, and any regulations promulgated thereunder.

(d) Lessee, in order to demonstrate compliance with the terms of this Section 20.2, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Lessee and each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the construction of the System, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or affiliate, as the case may be.

(f) Failure to comply with the employment obligations described in this Section 20.2 shall be a basis for the City to pursue remedies under the provisions of Section 11.2.

20.3 City Resident Employment Requirement.

(a) Lessee agrees, and shall contractually obligate each Employer to agree, that during the construction of the System, Lessee and each Employer shall comply with the minimum percentage of total worker hours performed by actual residents of the City of Chicago as specified in Section 2-92-330 of the Municipal Code (at least fifty percent); provided, however, that in addition to complying with this percentage, Lessee and each Employer shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

(b) Lessee and the Employers may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code in accordance with standards and procedures developed by the chief procurement officer of the City of Chicago.

(c) "Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

(d) Lessee and the Employers shall provide for the maintenance of adequate employee residency records to ensure that actual Chicago residents are employed on the construction of the System. Lessee and the Employers shall maintain copies of personnel documents supportive of every Chicago employee's actual record of residence.

(e) Lessee and the Employers shall submit weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) to DCD in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that Lessee or Employer hired the employee should be written in after the employee's name.

(f) Lessee and the Employers shall provide full access to their employment records to the chief procurement officer, the Department of Fleet and Facility Management, the Superintendent of the Chicago Police Department, the inspector general, or any duly authorized representative thereof. Lessee and the Employers shall maintain all relevant personnel data and records for a period of at least three (3) years after the issuance of the Certificate of Completion.

(g) At the direction of the Department of Fleet and Facility Management, Lessee and the Employers shall provide affidavits and other supporting documentation to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

(h) Good faith efforts on the part of Lessee and the Employers to provide work for actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the chief procurement officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section 20.3 concerning the worker hours performed by actual Chicago residents.

(i) If the City determines that Lessee or an Employer failed to ensure the fulfillment of the requirements of this Section 20.3 concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section 20.3. If such non-compliance is not remedied in accordance with the breach and cure provisions of Section 11.1, the parties agree that 1/20 of 1 percent (.05%) of the aggregate hard construction costs shall be surrendered by Lessee to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject Lessee and/or the other Employers or employees to prosecution.

(j) Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement.

(k) Lessee shall cause or require the provisions of this Section 20.3 to be included in all construction contracts and subcontracts related to the construction of the System.

20.4 MBE/WBE Commitment. Lessee agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the general contractor to agree, that during the construction of the System:

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code (the "Construction Program," and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 20.4, during the course of construction of the System, at least 26% of the aggregate hard construction costs shall be expended for contract participation by minority-owned businesses and at least 6% of the aggregate hard construction costs shall be expended for contract participation by women-owned businesses.

(b) For purposes of this Section 20.4 only:

(i) Lessee (and any party to whom a contract is let by Lessee in connection with the System) shall be deemed a “contractor” and this Agreement (and any contract let by Lessee in connection with the System) shall be deemed a “contract” or a “construction contract” as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code, as applicable.

(ii) The term “minority-owned business” or “MBE” shall mean a business identified in the Directory of Certified Minority Business Enterprises published by the City’s Department of Procurement Services, or otherwise certified by the City’s Department of Procurement Services as a minority-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(iii) The term “women-owned business” or “WBE” shall mean a business identified in the Directory of Certified Women Business Enterprises published by the City’s Department of Procurement Services, or otherwise certified by the City’s Department of Procurement Services as a women-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code, Lessee’s MBE/WBE commitment may be achieved in part by Lessee’s status as an MBE or WBE (but only to the extent of any actual work performed on the System by Lessee) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture, or (ii) the amount of any actual work performed on the System by the MBE or WBE); by Lessee utilizing a MBE or a WBE as the general contractor (but only to the extent of any actual work performed on the System by the general contractor); by subcontracting or causing the general contractor to subcontract a portion of the construction of the System to one or more MBEs or WBEs; by the purchase of materials or services used in the construction of the System from one or more MBEs or WBEs; or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to Lessee’s MBE/WBE commitment as described in this Section 20.4. In accordance with Section 2-92-730, Municipal Code, Lessee shall not substitute any MBE or WBE general contractor or subcontractor without the prior written approval of DCD.

(d) Lessee shall deliver quarterly reports to the City’s monitoring staff during the construction of the System describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports shall include, inter alia, the name and business address of each MBE and WBE solicited by Lessee or the general contractor to work on the System, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the construction of the System, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City’s monitoring staff in determining Lessee’s compliance with this MBE/WBE commitment. Lessee shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the construction of the System for at least five (5) years after completion of the System, and the City’s monitoring staff shall have access to all such records maintained by Lessee, on prior notice of at least five (5) business days, to allow the City to review Lessee’s compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the construction of the System.

(e) Upon the disqualification of any MBE or WBE general contractor or subcontractor, if the disqualified party misrepresented such status, Lessee shall be obligated to discharge or cause to be discharged the disqualified general contractor or subcontractor, and, if

possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730 of the Municipal Code, as applicable.

(f) Any reduction or waiver of Lessee's MBE/WBE commitment as described in this Section 20.4 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730 of the Municipal Code, as applicable.

20.5 Pre-Construction Conference and Construction Compliance Requirements. Prior to commencing construction, Lessee and Lessee's construction manager shall meet with City monitoring staff regarding compliance with all requirements of Sections 20.2, 20.3 and 20.4. During this pre-construction meeting, Lessee shall present its plan to achieve its obligations under these sections. During the construction of the System, Lessee shall submit all documentation required by Sections 20.2, 20.3 and 20.4 to the City's monitoring staff, including, without limitation, the following: (a) Contractor's activity reports; (b) Contractor's certification concerning labor standards and prevailing wage requirements (if applicable); (c) Contractor letter of understanding; (d) monthly utilization report; (e) authorization for payroll agent; (f) certified payroll; and (g) evidence that MBE/WBE contractor associations have been informed of the construction of the System via written notice and hearings. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that Lessee is not complying with its obligations under Sections 20.2, 20.3 and 20.4, shall, upon the delivery of written notice to Lessee, be deemed a Lessee Default. Upon the occurrence of any such Lessee Default, in addition to any other remedies provided in this Agreement, the City may: (x) issue a written demand to Lessee to halt construction of the System, (y) withhold any further payment of any City funds to Lessee or the general contractor, or (z) seek any other remedies against Lessee available at law or in equity.

20.6 Conflicts of Interest.

(a) Lessee represents and warrants that, except as may otherwise be permitted under Section 2-156 of the Municipal Code, no member of the governing body of the City or other unit of government and no other officer, employee or agent of the City or other unit of government who exercises any functions or responsibilities in connection with this Agreement has any personal interests, direct or indirect, in this Agreement or in Lessee.

(b) Lessee covenants that, except as may otherwise be permitted under Section 2-156 of the Municipal Code, (i) no member of the governing body of the City and no officer, employee or agent of the City or other unit of government exercising any functions or responsibilities in connection with this Agreement shall acquire any personal, financial or economic interest, direct or indirect, in Lessee or this Agreement, and (ii) no member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or employee of the City shall be admitted to any share or part of this Agreement or any financial benefit to arise from it.

20.7 Business Relationships. Lessee acknowledges (a) receipt of a copy of Section 2-156-030 (b) of the Municipal Code of Chicago, (b) that it has read such provision and understands that pursuant to such Section 2-156-030 (b) it is illegal for any elected official of the City, or any person acting at the direction of such official, to contact, either orally or in writing, any other City official or employee with respect to any matter involving any person with whom the elected City official or employee has a "Business Relationship" (as described in Section 2-156-080 of the Municipal Code of Chicago), or to participate in any discussion in any City Council committee

hearing or in any City Council meeting or to vote on any matter involving the person with whom an elected official has a Business Relationship, and (c) notwithstanding anything to the contrary contained in this Lease, that a violation of Section 2-156-030 (b) by an elected official, or any person acting at the direction of such official, with respect to any transaction contemplated by this Lease shall be grounds for termination of this Lease and the transactions contemplated hereby. Lessee hereby represents and warrants that no violation of Section 2-145-030 (b) has occurred with respect to this Lease or the transactions contemplated hereby.

20.8 Patriot Act Certification. Lessee represents and warrants that neither Lessee nor any Affiliate (as hereafter defined) thereof is listed on any of the following lists maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the Bureau of Industry and Security of the U.S. Department of Commerce or their successors, or on any other list of persons or entities with which the City may not do business under any applicable Laws: the Specially Designated Nationals List, the Denied Persons List, the Unverified List, the Entity List and the Debarred List. As used in this Section, an "Affiliate" shall be deemed to be a person or entity related to Lessee that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with Lessee, and a person or entity shall be deemed to be controlled by another person or entity, if controlled in any manner whatsoever that results in control in fact by that other person or entity (or that other person or entity and any persons or entities with whom that other person or entity is acting jointly or in concert), whether directly or indirectly and whether through share ownership, a trust, a contract or otherwise.

20.9 Prohibition on Certain Contributions-Mayoral Executive Order No. 2011-4. Lessee agrees that Lessee, any person or entity who directly or indirectly has an ownership or beneficial interest in Lessee of more than 7.5 percent ("Owners"), spouses and domestic partners of such Owners, Lessee's contractors (i.e., any person or entity in direct contractual privity with Lessee regarding the subject matter of this Lease) ("Contractors"), any person or entity who directly or indirectly has an ownership or beneficial interest in any Contractor of more than 7.5 percent ("Sub-owners") and spouses and domestic partners of such Sub-owners (Lessee and all the other preceding classes of persons and entities are together the "Identified Parties"), shall not make a contribution of any amount to the Mayor of the City of Chicago (the "Mayor") or to his political fundraising committee (a) after execution of this Lease by Lessee, (b) while this Lease or any Other Contract (as hereinafter defined) is executory, (c) during the term of this Lease or any Other Contract, or (d) during any period while an extension of this Lease or any Other Contract is being sought or negotiated. This provision shall not apply to contributions made prior to May 16, 2011, the effective date of Executive Order 2011-4.

Lessee represents and warrants that from the later of (a) May 16, 2011, or (b) the date the City approached Lessee, or the date Lessee approached the City, as applicable, regarding the formulation of this Lease, no Identified Parties have made a contribution of any amount to the Mayor or to his political fundraising committee.

Lessee agrees that it shall not: (a) coerce, compel or intimidate its employees to make a contribution of any amount to the Mayor or to the Mayor's political fundraising committee; (b) reimburse its employees for a contribution of any amount made to the Mayor or to the Mayor's political fundraising committee; or (c) bundle or solicit others to bundle contributions to the Mayor or to his political fundraising committee.

Lessee agrees that the Identified Parties must not engage in any conduct whatsoever designed to intentionally violate this provision or Mayoral Executive Order No. 2011-4 or to entice,

direct or solicit others to intentionally violate this provision or Mayoral Executive Order No. 2011-4.

Notwithstanding anything to the contrary contained herein, Lessee agrees that a violation of, non-compliance with, misrepresentation with respect to, or breach of any covenant or warranty under this Lease or violation of Mayoral Executive Order No. 2011-4 constitutes a breach and default under this Lease, and under any Other Contract for which no opportunity to cure will be granted, unless the City, in its sole discretion, elects to grant such an opportunity to cure. Such breach and default entitles the City to all remedies (including, without limitation, termination for default) under this Lease, and under any Other Contract, at law and in equity. This provision amends any Other Contract and supersedes any inconsistent provision contained therein.

If Lessee intentionally violates this provision or Mayoral Executive Order No. 2011-4 prior to the Closing, the City may elect to decline to close the transaction contemplated by this Lease.

For purposes of this provision:

(a) “Bundle” means to collect contributions from more than one source, which contributions are then delivered by one person to the Mayor or to his political fundraising committee.

(b) “Other Contract” means any other agreement with the City to which Lessee is a party that is (i) formed under the authority of Chapter 2-92 of the Municipal Code of Chicago; (ii) entered into for the purchase or lease of real or personal property; or (iii) for materials, supplies, equipment or services which are approved or authorized by the City Council.

(c) “Contribution” means a "political contribution" as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

(d) Individuals are “domestic partners” if they satisfy the following criteria:

- (i) they are each other's sole domestic partner, responsible for each other's common welfare; and
- (ii) neither party is married; and
- (iii) the partners are not related by blood closer than would bar marriage in the State of Illinois; and
- (iv) each partner is at least 18 years of age, and the partners are the same sex, and the partners reside at the same residence; and
- (v) two of the following four conditions exist for the partners:

- (1) **The partners have been residing together for at least 12 months.**
- (2) The partners have common or joint ownership of a residence.
- (3) The partners have at least two of the following arrangements:
 - (A) joint ownership of a motor vehicle;
 - (B) joint credit account;
 - (C) a joint checking account;
 - (D) a lease for a residence identifying both domestic partners as Lessees.

(4) Each partner identifies the other partner as a primary beneficiary in a will.

(e) “Political fundraising committee” means a “political fundraising committee” as defined in Chapter 2-156 of the Municipal Code of Chicago, as amended.

20.10 Failure to Maintain Eligibility to do Business with City. Failure by Lessee or any controlling person (as defined in Section 1-23-010 of the Municipal Code of Chicago) thereof to maintain eligibility to do business with the City of Chicago as required by Section 1-23-030 of the Municipal Code of Chicago shall be grounds for termination of this Lease and the transactions contemplated thereby. Lessee shall at all times comply with Section 2-154-020 of the Municipal Code of Chicago.

20.11 2014 Hiring Plan Prohibitions.

(i) The City is subject to the June 16, 2014 “City of Chicago Hiring Plan”, as amended (the “2014 City Hiring Plan”) entered in *Shakman v. Democratic Organization of Cook County*, Case No 69 C 2145 (United States District Court for the Northern District of Illinois). Among other things, the 2014 City Hiring Plan prohibits the City from hiring persons as governmental employees in non-exempt positions on the basis of political reasons or factors.

(ii) Lessee is aware that City policy prohibits City employees from directing any individual to apply for a position with Lessee, either as an employee or as a subcontractor, and from directing Lessee to hire any individual as an employee or as a subcontractor. Accordingly, Lessee must follow its own hiring and contracting procedures, without being influenced by City or City employees. Any and all personnel provided by Lessee under this Lease are employees or subcontractors of Lessee, not employees of the City. This Lease is not intended to and does not constitute, create, give rise to, or otherwise recognize an employer-employee relationship of any kind between the City and any personnel provided by Lessee.

(iii) Lessee will not condition, base, or knowingly prejudice or affect any term or aspect to the employment of any personnel provided under this Lease, or offer employment to any individual to provide services under this Lease, based upon or because of any political reason or factor, including, without limitation, any individual’s political affiliation, membership in a political organization or party, political support or activity, political financial contributions, promises of such political support, activity or financial contributions, or such individual’s political sponsorship or recommendation. For purposes of this Lease, a political organization or party is an identifiable group or entity that has as its primary purpose the support of or opposition to candidates for elected public office. Individual political activities are the activities of individual persons in support of or in opposition to political organizations or parties or candidates for elected public office.

(iv) In the event of any communication to Lessee by a City employee or City official in violation of paragraph (ii) above, or advocating a violation of paragraph (iii) above, Lessee will, as soon as is reasonably practicable, report such communication to the Hiring Oversight Section of the City’s Office of the Inspector General (“OIG Hiring Oversight”), and also to the head of the relevant City department utilizing services provided under this Lease. Lessee will also cooperate with any inquiries by OIG Hiring Oversight.

21.3 Quiet Enjoyment. The City agrees, unless otherwise provided by this Agreement, that if Lessee shall perform all obligations and make all payments as provided hereunder, Lessee shall be entitled to and shall have the quiet possession and enjoyment of the Property, and the rights and privileges leased to Lessee hereunder, subject to the provisions contained in this Agreement.

21.4 Interpretation. The headings in this Agreement are provided for convenience only and will not affect its construction or interpretation. All references to “Articles,” “Sections,” or “Exhibits” refer to the corresponding Articles, Sections, or Exhibits of or to this Agreement. Unless otherwise expressly provided, the word “including” does not limit the preceding words or terms. Unless otherwise stated, any reference in this Agreement to any Person shall include its permitted successors and assigns and, in the case of any Governmental Authority, any successor to its functions and capacities.

21.5 Governing Law. This Agreement and the rights and duties of the Parties hereunder shall be governed by and construed, enforced and performed in accordance with the laws of the State of Illinois, without regard to its principles of conflicts of law.

21.6 Entire Agreement. This Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof and supersedes all prior discussions and agreements between the Parties with respect to the subject matter hereof. There are no prior or contemporaneous agreements or representations affecting the same subject matter other than those expressed herein.

21.7 Time is of the Essence. Time is of the essence of this Agreement and of each and every provision hereof.

21.8 Amendment. No amendment, modification or change to this Agreement shall be enforceable unless set forth in writing and executed by both Parties.

21.9 Non-Waiver. No waiver by any Party hereto of any one or more defaults by the other Party in the performance of any of the provisions of this Agreement shall be construed as a waiver of any other default or defaults whether of a like kind or different nature. No failure or delay by any Party hereto in exercising any right, power, privilege, or remedy hereunder shall operate as a waiver thereof.

21.10 Severability. Any provision of this Agreement declared or rendered invalid, unlawful, or unenforceable by any applicable Governmental Authority or deemed unlawful because of a change in applicable Law shall not otherwise affect the remaining lawful obligations that arise under this Agreement, provided that the Parties shall use Commercially Reasonable Efforts to reform this Agreement in order to give effect to the original intention of the Parties.

21.11 Survival. All indemnity rights and audit rights shall survive the termination of this Agreement (with respect to indemnity rights, to the extent provided in Article 11, and with respect to audit rights for the period ending three years following termination of this Agreement).

21.12 Forward Contract. The Parties acknowledge and agree that this Agreement and the transactions contemplated by this Agreement constitute a “forward contract” and that each Party is a “forward contract merchant” within the meaning of the United States Bankruptcy Code.

21.13 No Third-Party Beneficiaries. Nothing in this Agreement shall provide any benefit to any third Person or entitle any third Person to any claim, cause of action, remedy or right of any kind, it being the intent of the Parties that this Agreement shall not be construed as a third-party beneficiary contract.

21.14 Relationships of Parties. The Parties shall not be deemed to be in a relationship of partners or joint venturers by virtue of this Agreement, nor shall any Party be an agent, representative, trustee or fiduciary of any other Party. Neither Lessee nor City shall have any authority to bind the other to any agreement.

21.15 Exhibits. Any and all exhibits referred to in this Agreement are, by such reference, incorporated herein and made a part hereof for all purposes.

21.16 Attorneys’ Fees. If a Party commences a legal proceeding against the other Party because of an alleged breach of such Party’s obligations under this Agreement, each Party shall bear its own expenses, including reasonable attorneys’ fees, incurred in connection with the legal proceeding and any appeal thereof.

21.17 Binding Effect. This Agreement shall inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns.

21.18 Non-Recourse Obligations. Notwithstanding any other provision of this Agreement, no Person (nor any officer, employee, executive, director, agent or authorized representative of any such Person) other than Lessee and City and, to the limited extent explicitly set forth in any Letter of Credit, the Person obligated to provide such credit, shall be liable for any payments due hereunder or for the performance of any obligation hereunder.

21.19 Counterparts. This Agreement may be executed in counterparts, including in facsimile and electronic formats (including portable document format (.pdf)), each of which is an original and all of which constitute one and the same instrument.

21.20 Compliance with Law. Each Party shall at all times comply in all respects with all applicable Laws. As applicable, each Party shall give all required notices, and shall procure and maintain all Permits necessary for performance of this Agreement, and shall pay its respective charges and fees in connection therewith.

21.21 Further Assurances. Each Party hereby undertakes to take or cause to be taken all actions, including the execution of additional instruments or documents, necessary to give full effect to the provisions of this Agreement.

21.22 Public Announcements. Neither Party may issue or make any public announcement, press release or statement regarding this Agreement unless such public announcement, press release or statement is issued jointly by the Parties or, prior to the release of the public announcement, press release or statement, such Party furnishes the other Party with a copy of such announcement, press release or statement, and obtains the approval of the other Party, such approval not to be unreasonably withheld, conditioned or delayed; provided that, notwithstanding any failure to obtain such approval, no Party shall be prohibited from issuing or

making any such public announcement, press release or statement if it is necessary to do so in order to comply with applicable Laws, legal proceedings or rules and regulations of any stock exchange having jurisdiction over such Party.

Special Conditions Regarding Minority Owned Business Enterprise Commitment and Women Owned Business Enterprise Commitment in Construction Contracts

Policy and Terms

As set forth in 2-92-650 *et seq.* of the Municipal Code of Chicago (MCC) it is the policy of the City of Chicago that businesses certified as Minority Owned Business Enterprises (MBEs) and Women Owned Business Enterprises (WBEs) in accordance with Section 2-92-420 *et seq.* of the MCC and Regulations Governing Certification of Minority and Women-owned Businesses, and all other Regulations promulgated under the aforementioned sections of the Municipal Code, as well as MBEs and WBEs certified by Cook County, Illinois, shall have full and fair opportunities to participate fully in the performance of this contract. Therefore, Proposers shall not discriminate against any person or business on the basis of race, color, national origin, or sex, and shall take affirmative actions to ensure that MBEs and WBEs shall have full and fair opportunities to compete for and perform subcontracts for supplies or services.

Failure to carry out the commitments and policies set forth herein shall constitute a material breach of the contract and may result in the termination of the contract or such remedy as the City of Chicago deems appropriate.

Under the City's MBE/WBE Construction Program as set forth in MCC 2-92-650 *et seq.*, the program-wide aspirational goals are 26% Minority Owned Business Enterprise participation and 6% Women Owned Business Enterprise participation. The City has set goals of 26% and 6% on all contracts in line with its overall aspirational goals, unless otherwise specified herein, and is requiring that Proposers make a good faith effort in meeting or exceeding these goals.

Contract Specific Goals and Bids

A bid may be rejected as non-responsive if it fails to submit one or more of the following with its bid demonstrating its good faith efforts to meet the Contract Specific Goals by reaching out to MBEs and WBEs to perform work on the contract:

- A. An MBE/WBE compliance plan demonstrating how the Proposer plans to meet the Contract Specific Goals (Schedule D); and/or
- B. Documentation of Good Faith Efforts (Schedule H).

If a Proposer's compliance plan falls short of the Contract Specific Goals, the Proposer must include either a Schedule H demonstrating that it has made Good Faith Efforts to find MBE and WBE firms to participate or a request for a reduction or waiver of the goals.

Accordingly, the Proposer or contractor commits to make good faith efforts to expend at least the following percentages of the total contract price (inclusive of any and all modifications and amendments), if awarded the contract:

MBE Contract Specific Goal: 28%
WBE Contract Specific Goal: 8%

This Contract Specific Goal provision shall supersede any conflicting language or provisions that may be contained in this document.

For purposes of evaluating the Proposer's responsiveness, the MBE and WBE Contract Specific Goals shall be percentages of the Proposer's total base bid. However, the MBE and WBE Contract Specific Goals shall apply to the total value of this contract, including all amendments and modifications.

I. Contract Specific Goals and Contract Modifications

1. The MBE and WBE Contract Specific Goals established at the time of contract bid shall also apply to any modifications to the Contract after award. That is, any additional work and/or money added to the Contract must also adhere to these Special Conditions requiring Contractor to (sub)contract with MBEs and WBEs to meet the Contract Specific Goals.

- a. Contractor must assist the Construction Manager or user Department in preparing its "proposed contract modification" by evaluating the subject matter of the modification and determining whether there are opportunities for MBE or WBE participation and at what rates.
- b. Contractor must produce a statement listing the MBEs/WBEs that will be utilized on any contract modification. The statement must include the percentage of utilization of the firms. If no MBE/WBE participation is available, an explanation of good faith efforts to obtain participation must be included.

2. The Chief Procurement Officer shall review each proposed contract modification and amendment that by itself or aggregated with previous modification/amendment requests, increases the contract value by ten percent (10%) of the initial award, or \$50,000, whichever is less, for opportunities to increase the participation of MBEs or WBEs already involved in the Contract.

II. Definitions

"Area of Specialty" means the description of a MBE's or WBE's activity that has been determined by the Chief Procurement Officer to be most reflective of the firm's claimed specialty or expertise. Each MBE and WBE letter of certification contains a description of the firm's Area of Specialty. Credit toward the Contract Specific Goals shall be limited to the participation of firms performing within their Area of Specialty. The Department of Procurement Services does not make any representation concerning the ability of any MBE or WBE to perform work within its Area of Specialty. It is the responsibility of the Proposer or contractor to determine the capability and capacity of MBEs and WBEs to perform the work proposed.

"B.E.P.D." means an entity certified as a Business enterprise owned or operated by people with disabilities as defined in MCC 2-92-586.

"Broker" means a person or entity that fills orders by purchasing or receiving supplies from a third party supplier rather than out of its own existing inventory and provides no commercially useful function other than acting as a conduit between his or her supplier and his or her customer.

"Chief Procurement Officer" or "CPO" means the chief procurement officer of the City of Chicago or his or her designee.

“Commercially Useful Function” means responsibility for the execution of a distinct element of the work of the contract, which is carried out by actually performing, managing, and supervising the work involved, evidencing the responsibilities and risks of a business owner such as negotiating the terms of (sub)contracts, taking on a financial risk commensurate with the contract or its subcontract, responsibility for acquiring the appropriate lines of credit and/or loans, or fulfilling responsibilities as a joint venture partner as described in the joint venture agreement.

“Construction Contract” means a contract, purchase order or agreement (other than lease of real property) for the construction, repair, or improvement of any building, bridge, roadway, sidewalk, alley, railroad or other structure or infrastructure, awarded by any officer or agency of the City, other than the City Council, and whose cost is to be paid from City funds.

“Contract Specific Goals” means the subcontracting goals for MBE and WBE participation established for a particular contract.

“Contractor” means any person or business entity that has entered into a construction contract with the City, and includes all partners, affiliates and joint ventures of such person or entity.

“Direct Participation” the value of payments made to MBE or WBE firms for work that is done in their Area of Specialty directly related to the performance of the subject matter of the Construction Contract will count as Direct Participation toward the Contract Specific Goals.

“Directory” means the Directory of Minority Business MBEs and WBEs maintained and published by the Chief Procurement Officer. The Directory identifies firms that have been certified as MBEs and WBEs, and includes the date of their last certifications and the areas of specialty in which they have been certified. Proposers and contractors are responsible for verifying the current certification status of all proposed MBEs and WBEs.

“Executive Director” means the executive director of the Office of Compliance or his or her designee.

“Good Faith Efforts” means actions undertaken by a Proposer or contractor to achieve a Contract Specific Goal that, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the program’s requirements.

“*Joint venture*” means an association of a MBE or WBE firm and one or more other firms to carry out a single, for-profit business enterprise, for which each joint venture partner contributes property, capital, efforts, skills and knowledge, and in which the MBE or WBE is responsible for a distinct, clearly defined portion of the work of the contract and whose share in the capital contribution, control, management, risks, and profits of the joint venture are commensurate with its ownership interest.

“Minority Business Enterprise” or “MBE” means a firm certified as a minority-owned business enterprise in accordance with City Ordinances and Regulations as well as a firm awarded certification as a minority owned and controlled business by Cook County, Illinois.

“Supplier” or “Distributor” refers to a company that owns, operates, or maintains a store, warehouse or other establishment in which materials, supplies, articles or equipment are bought, kept in stock and regularly sold or leased to the public in the usual course of business. A regular distributor or supplier is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials or supplies required for performance of the Contract are bought, kept in stock, and regularly sold to the public in the usual course of business. To be a regular distributor the firm must engage in, as its principal business and in its own name, the purchase and sale of the products in question. A regular distributor in such bulk items as steel, cement, gravel, stone, and petroleum products need not keep such products in stock if it owns or operates distribution equipment.

“Women Business Enterprise” or “WBE” means a firm certified as a women-owned business enterprise in accordance with City Ordinances and Regulations as well as a firm awarded certification as a women owned business by Cook County, Illinois.

III. Joint Ventures

The formation of joint ventures to provide MBEs and WBEs with capacity and experience at the prime contracting level, and thereby meet Contract Specific Goals (in whole or in part) is encouraged. A joint venture may consist of any combination of MBEs, WBEs, and non-certified firms as long as one member is an MBE or WBE.

A. The joint venture may be eligible for credit towards the Contract Specific Goals only if:

1. The MBE or WBE joint venture partner’s share in the capital contribution, control, management, risks and profits of the joint venture is equal to its ownership interest;
2. The MBE or WBE joint venture partner is responsible for a distinct, clearly defined portion of the requirements of the contract for which it is at risk;
3. Each joint venture partner executes the bid to the City; and
4. The joint venture partners have entered into a written agreement specifying the terms and conditions of the relationship between the partners and their relationship and responsibilities to the contract, and all such terms and conditions are in accordance with the conditions set forth in Items 1, 2, and 3 above in this Paragraph A.

B. The Chief Procurement Officer shall evaluate the proposed joint venture agreement, the Schedule B submitted on behalf of the proposed joint venture, and all related documents to determine whether these requirements have been satisfied. The Chief Procurement Officer shall also consider the record of the joint venture partners on other City of Chicago contracts. The decision of the Chief Procurement Officer regarding the eligibility of the joint venture for credit towards meeting the Contract Specific Goals, and the portion of those goals met by the joint venture, shall be final.

The joint venture may receive MBE or WBE credit for work performed by the MBE or WBE joint venture partner(s) equal to the value of work performed by the MBE or WBE with its own forces for a distinct, clearly defined portion of the work.

Additionally, if employees of the joint venture entity itself (as opposed to employees of the MBE or WBE partner) perform the work then the value of the work may be counted toward the Contract Specific Goals at a rate equal to the MBE or WBE firm's percentage of participation in the joint venture as described in Schedule B.

The Chief Procurement Officer may also count the dollar value of work subcontracted to other MBEs and WBEs. Work performed by the forces of a non-certified joint venture partner shall not be counted toward the Contract Specific Goals.

C. Schedule B: MBE/WBE Affidavit of Joint Venture

Where the Proposer's Compliance Plan includes the participation of any MBE or WBE as a joint venture partner, the Proposer must submit with its bid a Schedule B and the proposed joint venture agreement. These documents must both clearly evidence that the MBE or WBE joint venture partner(s) will be responsible for a clearly defined portion of the work to be performed, and that the MBE's or WBE's responsibilities and risks are proportionate to its ownership percentage. The proposed joint venture agreement must include specific details related to:

1. The parties' contributions of capital, personnel, and equipment and share of the costs of insurance and bonding;
2. Work items to be performed by the MBE's or WBE's own forces and/or work to be performed by employees of the newly formed joint venture entity;
3. Work items to be performed under the supervision of the MBE or WBE joint venture partner; and
4. The MBE's or WBE's commitment of management, supervisory, and operative personnel to the performance of the contract.

NOTE: Vague, general descriptions of the responsibilities of the MBE or WBE joint venture partner do not provide any basis for awarding credit. For example, descriptions such as "participate in the budgeting process," "assist with hiring," or "work with managers to improve customer service" do not identify distinct, clearly defined portions of the work. Roles assigned should require activities that are performed on a regular, recurring basis rather than as needed. The roles must also be pertinent to the nature of the business for which credit is being sought. For instance, if the scope of work required by the City entails the delivery of goods or services to various sites in the City, stating that the MBE or WBE joint venture partner will be responsible for the performance of all routine maintenance and all repairs required to the vehicles used to deliver such goods or services is pertinent to the nature of the business for which credit is being sought.

IV. Counting MBE and WBE Participation Towards the Contract Specific Goals

Refer to this section when preparing the MBE/WBE compliance plan and completing Schedule D for guidance on what value of the participation by MBEs and WBEs will be counted toward the stated Contract Specific Goals. The "Percent Amount of Participation" depends on whether and with whom a MBE or WBE subcontracts out any portion of its work and other factors.

Firms that are certified as both MBE and WBE may only be listed on a Proposer's compliance plan as either a MBE or a WBE to demonstrate compliance with the Contract Specific Goals. For example, a firm certified as both a MBE and a WBE may only be listed on the Proposer's compliance plan under one of the categories, but not both. Additionally, a firm that is certified as both a MBE and a WBE could not self-perform 100% of a contract, it would have to show good faith efforts to meet the Contract Specific Goals by including in its compliance plan work to be performed by another MBE or WBE firm, depending on which certification that dual-certified firm chooses to count itself as.

- A. Only expenditures to firms that perform a **Commercially Useful Function** as defined above may count toward the Contract Specific Goals.
 - 1. The CPO will determine whether a firm is performing a commercially useful function by evaluating the amount of work subcontracted, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the credit claimed for its performance of the work, industry practices, and other relevant factors.
 - 2. A MBE or WBE does not perform a commercially useful function if its participation is only required to receive payments in order to obtain the appearance of MBE or WBE participation. The CPO may examine similar commercial transactions, particularly those in which MBEs or WBEs do not participate, to determine whether non MBE and non WBE firms perform the same function in the marketplace to make a determination.
- B. Only the value of the dollars paid to the MBE or WBE firm for work that it performs in its **Area of Specialty** in which it is certified counts toward the Contract Specific Goals.

Only payments made to MBE and WBE firms that meet BOTH the Commercially Useful Function and Area of Specialty requirements above will be counted toward the Contract Specific Goals.

- C. If the MBE or WBE performs the work itself:
 - 1. 100% of the value of work actually performed by the MBE's or WBE's own forces shall be counted toward the Contract Specific Goals, including the cost of supplies purchased or equipment leased by the MBE or WBE from third parties or second tier subcontractors in order to perform its (sub)contract with its own forces. **0% of the value of work at the project site that a MBE or WBE subcontracts to a non-certified firm counts toward the Contract Specific Goals**
- D. If the MBE or WBE is a manufacturer:
 - 1. 100% of expenditures to a MBE or WBE manufacturer for items needed for the Contract shall be counted toward the Contract Specific Goals. A manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises the materials or supplies obtained by the Proposer or contractor.
- E. If the MBE or WBE is a distributor or supplier:
 - 1. 60% of expenditures for materials and supplies purchased from a MBE or WBE that is certified as a regular dealer or supplier shall be counted toward the Contract Specific Goals.

- F. If the MBE or WBE is a broker:
 - 1. 0% of expenditures paid to brokers will be counted toward the Contract Specific Goals.
 - 2. As defined above, Brokers provide no commercially useful function.

- G. If the MBE or WBE is a member of the joint venture contractor/Proposer:
 - 1. A joint venture may count the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the MBE or WBE performs with its own forces toward the Contract Specific Goals.
 - i. OR if employees of this distinct joint venture entity perform the work then the value of the work may be counted toward the Contract Specific Goals at a rate equal to the MBE or WBE firm's percentage of participation in the joint venture as described in Schedule B.
 - 2. Note: a joint venture may also count the dollar value of work subcontracted to other MBEs and WBEs, however, work subcontracted out to non-certified firms may not be counted.

- H. If the MBE or WBE subcontracts out any of its work:
 - 1. 100% of the value of the work subcontracted to other MBEs or WBEs performing work in its Area of Specialty may be counted toward the Contract Specific Goals.
 - 2. 0% of the value of work that a MBE or WBE subcontracts to a non-certified firm counts toward the Contract Specific Goals (except for the cost of supplies purchased or equipment leased by the MBE or WBE from third parties or second tier subcontractors in order to perform its (sub)contract with its own forces as allowed by C.1. above).
 - 3. The fees or commissions charged for providing a *bona fide* service, such as professional, technical, consulting or managerial services or for providing bonds or insurance or the procurement of essential personnel, facilities, equipment, materials or supplies required for performance of the Contract, may be counted toward the Contract Specific Goals, provided that the fee or commission is determined by the Chief Procurement Officer to be reasonable and not excessive as compared with fees customarily allowed for similar services.
 - 4. The fees charged for delivery of materials and supplies required on a job site (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer of or a regular dealer in the materials and supplies, provided that the fee is determined by the Chief Procurement Officer to be reasonable and not excessive as compared with fees customarily allowed for similar services.
 - 5. The fees or commissions charged for providing any bonds or insurance, but not the cost of the premium itself, specifically required for the performance of the Contract, provided that the fee or commission is determined by the Chief Procurement Officer to be reasonable and not excessive as compared with fees customarily allowed for similar services.

V. Procedure to Determine Bid Compliance

The following Schedules and requirements govern the Proposer's or contractor's MBE/WBE proposal:

- A. Schedule B: MBE/WBE Affidavit of Joint Venture

1. Where the Proposer's Compliance Plan includes the participation of any MBE or WBE as a joint venture partner, the Proposer must submit with its bid a Schedule B and the proposed joint venture agreement. See Section III above for detailed requirements.

B. Schedule C

The Proposer must submit the appropriate Schedule C with the bid for each MBE and WBE included on the Schedule D. The City encourages subcontractors to utilize the electronic fillable format Schedule C, which is available at the Department of Procurement Services website, <http://cityofchicago.org/forms>. Suppliers must submit the Schedule C for Suppliers, first tier subcontractors must submit a Schedule C for Subcontractors to the Prime Contractor and second or lower tier subcontractors must submit a Schedule C for second tier Subcontractors. Each Schedule C must accurately detail the work to be performed by the MBE or WBE and the agreed upon rates/prices. Each Schedule C must also include a separate sheet as an attachment on which the MBE or WBE fully describes its proposed scope of work, including a description of the commercially useful function being performed by the MBE or WBE in its Area of Specialty. If a facsimile copy of the Schedule C has been submitted with the bid, an executed original Schedule C must be submitted by the Proposer for each MBE and WBE included on the Schedule D within five (5) business days after the date of the bid opening.

C. Schedule D: Compliance Plan Regarding MBE and WBE Utilization

The Proposer must submit a Schedule D with the bid. The City encourages Proposers to utilize the electronic fillable format Schedule D, which is available at the Department of Procurement Services website, <http://cityofchicago.org/forms>. An approved Compliance Plan is required before a contract may commence.

The Compliance Plan must commit to the utilization of each listed MBE and WBE. The Proposer is responsible for calculating the dollar equivalent of the MBE and WBE Contract Specific Goals as percentages of the total base bid. All Compliance Plan commitments must conform to the Schedule Cs.

A Proposer or contractor may not modify its Compliance Plan after bid opening except as directed by the Department of Procurement Services to correct minor errors or omissions. Proposers shall not be permitted to add MBEs or WBEs after bid opening to meet the Contract Specific Goals, however, contractors are encouraged to add additional MBE/WBE vendors to their approved compliance plan during the performance of the contract when additional opportunities for participation are identified. Except in cases where substantial, documented justification is provided, the Proposer or contractor shall not reduce the dollar commitment made to any MBE or WBE in order to achieve conformity between the Schedule Cs and Schedule D. All terms and conditions for MBE and WBE participation on the contract must be negotiated and agreed to between the Proposer or contractor and the MBE or WBE prior to the submission of the Compliance Plan. If a proposed MBE or WBE ceases to be available after submission of the Compliance Plan, the Proposer or contractor must comply with the provisions in Section VII.

D. Letters of Certification

A copy of each proposed MBE's and WBE's Letter of Certification from the City of Chicago or Cook County, Illinois, must be submitted with the bid.

Letters of Certification includes a statement of the MBE's or WBE's area(s) of specialty. The MBE's or WBE's scope of work as detailed in the Schedule C must conform to its area(s) of specialty. Where a MBE or WBE is proposed to perform work not covered by its Letter of Certification, the MBE or WBE must request the addition of a new area at least 30 calendar days prior to the bid opening.

E. Schedule F: Report of Subcontractor Solicitations for Construction Contracts

A Schedule F must be submitted with the bid, documenting all subcontractors and suppliers solicited for participation on the contract by the Proposer. Failure to submit the Schedule F may render the bid non-responsive.

F. Schedule H: Documentation of Good Faith Efforts to Utilize MBEs and WBEs on Construction Contract

1. If a Proposer determines that it is unable to meet the Contract Specific Goals, it must document its good faith efforts to do so, including the submission of Schedule C, Log of Contacts.
2. If the Proposer's Compliance Plan demonstrates that it has not met the Contract Specific Goals in full or in part, the Proposer must submit its Schedule H no later than three business days after notification by the Chief Procurement Officer of its status as the apparent lowest Proposer. Failure to submit a complete Schedule H will cause the bid to be rejected as non-responsive.
3. Documentation must include but is not necessarily limited to:
 - a. A detailed statement of efforts to identify and select portions of work identified in the bid solicitation for subcontracting to MBEs and WBEs;
 - b. A listing of all MBEs and WBEs contacted for the bid solicitation that includes:
 - i. Names, addresses, emails and telephone numbers of firms solicited;
 - ii. Date and time of contact;
 - iii. Person contacted;
 - iv. Method of contact (letter, telephone call, facsimile, electronic mail, etc.).
 - c. Evidence of contact, including:
 - i. Project identification and location;
 - ii. Classification/commodity of work items for which quotations were sought;
 - iii. Date, item, and location for acceptance of subcontractor bids;
 - iv. Detailed statements summarizing direct negotiations with appropriate MBEs and WBEs for specific portions of the work and indicating why agreements were not reached.
 - v. Bids received from all subcontractors.

- d. Documentation of Proposer or contractor contacts with at least one of the minority and women assistance associations on Attachment A.
- G. Agreements between a Proposer or contractor and a MBE or WBE in which the MBE or WBE promises not to provide subcontracting quotations to other Proposers or contractors are prohibited.
- H. Prior to award, the Proposer agrees to promptly cooperate with the Department of Procurement Services in submitting to interviews, allowing entry to places of business, providing further documentation, or soliciting the cooperation of a proposed MBE or WBE. Failure to cooperate may render the bid non-responsive.
- I. If the City determines that the Compliance Plan contains minor errors or omissions, the Proposer or contractor must submit a revised Compliance Plan within five (5) business days after notification by the City that remedies the minor errors or omissions. Failure to correct all minor errors or omissions may result in the determination that a bid is non-responsive.
- J. No later than three (3) business days after receipt of the executed contract, the contractor must execute a complete subcontract agreement or purchase order with each MBE and WBE listed in the Compliance Plan. No later than eight (8) business days after receipt of the executed contract, the contractor must provide copies of each signed subcontract, purchase order, or other agreement to the Department of Procurement Services.

VI. Demonstration of Good Faith Efforts

- A. In evaluating the Schedule H to determine whether the Proposer or contractor has made good faith efforts, the performance of other Proposers or contractors in meeting the goals may be considered.
- B. The Chief Procurement Officer shall consider, at a minimum, the Proposer's efforts to:
 - 1. Solicit through reasonable and available means at least 50% (or at least five when there are more than eleven certified firms in the commodity area) of MBEs and WBEs certified in the anticipated scopes of subcontracting of the contract, as documented by the Schedule H. The Proposer or contractor must solicit MBEs and WBEs within seven (7) days prior to the date bids are due. The Proposer or contractor must take appropriate steps to follow up initial solicitations with interested MBEs or WBEs.
 - 2. Advertise the contract opportunities in media and other venues oriented toward MBEs and WBEs.
 - 3. Provide interested MBEs or WBEs with adequate information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation.

4. Negotiate in good faith with interested MBEs or WBEs that have submitted bids. That there may be some additional costs involved in soliciting and using MBEs and WBEs is not a sufficient reason for a Proposer's failure to meet the Contract Specific Goals, as long as such costs are reasonable.
 5. Not reject MBEs or WBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The MBE's or WBE's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the Contract Specific Goals.
 6. Make a portion of the work available to MBE or WBE subcontractors and suppliers and selecting those portions of the work or material consistent with the available MBE or WBE subcontractors and suppliers, so as to facilitate meeting the Contract Specific Goals.
 7. Make good faith efforts, despite the ability or desire of a Proposer or contractor to perform the work of a contract with its own organization. A Proposer or contractor who desires to self-perform the work of a contract must demonstrate good faith efforts unless the Contract Specific Goals have been met.
 8. Select portions of the work to be performed by MBEs or WBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate MBE or WBE participation, even when the Proposer or contractor might otherwise prefer to perform these work items with its own forces.
 9. Make efforts to assist interested MBEs or WBEs in obtaining bonding, lines of credit, or insurance as required by the City or Proposer or contractor.
 10. Make efforts to assist interested MBEs or WBEs in obtaining necessary equipment, supplies, materials, or related assistance or services; and
 11. Effectively use the services of the City; minority or women community organizations; minority or women assistance groups; local, state, and federal minority or women business assistance offices; and other organizations to provide assistance in the recruitment and placement of MBEs or WBEs.
- C. If the Proposer disagrees with the City's determination that it did not make good faith efforts, the Proposer may file a protest pursuant to the Department of Procurement Services Solicitation and Contracting Process Protest Procedures within 10 business days of a final adverse decision by the Chief Procurement Officer.

VII. Changes to Compliance Plan

- A. No changes to the Compliance Plan or contractual MBE and WBE commitments or substitution of MBE or WBE subcontractors may be made without the prior written approval of the Chief Procurement Officer. Unauthorized changes or substitutions, including performing the work designated for a subcontractor with the contractor's own forces, shall be a violation of these Special Conditions and a breach of the

contract with the City, and may cause termination of the executed Contract for breach, and/or subject the Proposer or contractor to contract remedies or other sanctions. The facts supporting the request for changes must not have been known nor reasonably could have been known by the parties prior to entering into the subcontract. Bid shopping is prohibited. The Proposer or contractor must negotiate with the subcontractor to resolve the problem. If requested by either party, the Department of Procurement Services shall facilitate such a meeting. Where there has been a mistake or disagreement about the scope of work, the MBE or WBE can be substituted only where an agreement cannot be reached for a reasonable price for the correct scope of work.

- B. Substitutions of a MBE or WBE subcontractor shall be permitted only on the following basis:
1. Unavailability after receipt of reasonable notice to proceed;
 2. Failure of performance;
 3. Financial incapacity;
 4. Refusal by the subcontractor to honor the bid or proposal price or scope;
 5. Mistake of fact or law about the elements of the scope of work of a solicitation where a reasonable price cannot be agreed;
 6. Failure of the subcontractor to meet insurance, licensing or bonding requirements;
 7. The subcontractor's withdrawal of its bid or proposal; or
 8. De-certification of the subcontractor as a MBE or WBE. (Graduation from the MBE/WBE program does not constitute de-certification.
- C. If it becomes necessary to substitute a MBE or WBE or otherwise change the Compliance Plan, the procedure will be as follows:
1. The Proposer or contractor must notify the Chief Procurement Officer in writing of the request to substitute a MBE or WBE or otherwise change the Compliance Plan. The request must state specific reasons for the substitution or change. A letter from the MBE or WBE to be substituted or affected by the change stating that it cannot perform on the contract or that it agrees with the change in its scope of work must be submitted with the request.
 2. The City will approve or deny a request for substitution or other change within 15 business days of receipt of the request.
 3. Where the Proposer or contractor has established the basis for the substitution to the satisfaction of the Chief Procurement Officer, it must make good faith efforts to meet the Contract Specific Goal by substituting a MBE or WBE subcontractor. Documentation of a replacement MBE or WBE, or of good faith efforts, must meet the requirements in sections V and VI. If the MBE or WBE Contract Specific Goal cannot be reached and good faith efforts have been made, as determined by the Chief Procurement Officer, the Proposer or contractor may substitute with a non-MBE or non-WBE.
 4. If a Proposer or contractor plans to hire a subcontractor for any scope of work that was not previously disclosed in the Compliance Plan, the Proposer or contractor must obtain the approval of the Chief Procurement Officer to modify

the Compliance Plan and must make good faith efforts to ensure that MBEs or WBEs have a fair opportunity to bid on the new scope of work.

5. A new subcontract must be executed and submitted to the Chief Procurement Officer within five business days of the Proposer's or contractor's receipt of City approval for the substitution or other change.
- D. The City shall not be required to approve extra payment for escalated costs incurred by the contractor when a substitution of subcontractors becomes necessary to comply with MBE/WBE contract requirements.

VIII. Reporting and Record Keeping

- A. During the term of the contract, the contractor and its non-certified subcontractors must submit partial and final waivers of lien from MBE and WBE subcontractors that show the accurate cumulative dollar amount of subcontractor payments made to date. Upon acceptance of the Final Quantities from the City of Chicago, FINAL certified waivers of lien from the MBE and WBE subcontractors must be attached to the contractor's acceptance letter and forwarded to the Department of Procurement Services, Attention: Chief Procurement Officer.
- B. The contractor will be responsible for reporting payments to all subcontractors on a monthly basis in the form of an electronic audit. Upon the first payment issued by the City of Chicago to the contractor for services performed, on the first day of each month and every month thereafter, email and/or fax audit notifications will be sent out to the contractor with instructions to report payments that have been made in the prior month to each MBE and WBE. The reporting of payments to all subcontractors must be entered into the Certification and Compliance Monitoring System (C2), or whatever reporting system is currently in place, on or before the fifteenth (15th) day of each month.

Once the prime contractor has reported payments made to each MBE and WBE, including zero dollar amount payments, the MBE and WBE will receive an email and/or fax notification requesting them to log into the system and confirm payments received. All monthly confirmations must be reported on or before the 20th day of each month. Contractor and subcontractor reporting to the C2 system must be completed by the 25th of each month or payments may be withheld.

All subcontract agreements between the contractor and MBE/WBE firms or any first tier non-certified firm and lower tier MBE/WBE firms must contain language requiring the MBE/WBE to respond to email and/or fax notifications from the City of Chicago requiring them to report payments received for the prime or the non-certified firm.

Access to the Certification and Compliance Monitoring System (C2), which is a web based reporting system, can be found at: <http://chicago.mwdbe.com>

- C. The Chief Procurement Officer or any party designated by the, Chief Procurement Officer shall have access to the contractor's books and records, including without limitation payroll records, tax returns and records and books of account, to determine the contractor's compliance with its commitment to MBE and WBE

participation and the status of any MBE or WBE performing any portion of the contract. This provision shall be in addition to, and not a substitute for, any other provision allowing inspection of the contractor's records by any officer or official of the City for any purpose.

- D. The contractor shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs, retaining these records for a period of at least five years after final acceptance of the work. Full access to these records shall be granted to City, federal or state authorities or other authorized persons.

IX. Non-Compliance

- A. Without limitation, the following shall constitute a material breach of this contract and entitle the City to declare a default, terminate the contract, and exercise those remedies provided for in the contract at law or in equity: (1) failure to demonstrate good faith efforts; and (2) disqualification as a MBE or WBE of the contractor or any joint venture partner, subcontractor or supplier if its status as an MBE or WBE was a factor in the award of the contract and such status was misrepresented by the contractor.
- B. Payments due to the contractor may be withheld until corrective action is taken.
- C. Pursuant to 2-92-740, remedies or sanctions may include disqualification from contracting or subcontracting on additional City contracts for up to three years, and the amount of the discrepancy between the amount of the commitment in the Compliance Plan, as such amount may be amended through change orders or otherwise over the term of the contract, and the amount paid to MBEs or WBEs. The consequences provided herein shall be in addition to any other criminal or civil liability to which such entities may be subject.
- D. The contractor shall have the right to protest the final determination of non-compliance and the imposition of any penalty by the Chief Procurement Officer pursuant to 2-92-740 of the Municipal Code of the City of Chicago, within 15 business days of the final determination.

X. Arbitration

If the City determines that a contractor has not made good faith efforts to fulfill its Compliance Plan, the affected MBE or WBE may recover damages from the contractor.

Disputes between the contractor and the MBE or WBE shall be resolved by binding arbitration before the American Arbitration Association (AAA), with reasonable expenses, including attorney's fees and arbitrator's fees, being recoverable by a prevailing MBE or WBE. Participation in such arbitration is a material provision of the Construction Contract to which these Special Conditions are an Exhibit. This provision is intended for the benefit of any MBE or WBE affected by the contractor's failure to fulfill its Compliance Plan and grants such entity specific third party beneficiary rights. These rights are non-waivable and take precedence over any agreement to the contrary, including but not limited to those contained in a subcontract, suborder, or communicated orally between a contractor and a MBE or WBE. Failure by the Contractor to participate in any such arbitration is a material breach of the Construction Contract.

A MBE or WBE seeking arbitration shall serve written notice upon the contractor and file a demand for arbitration with the AAA in Chicago, IL. The dispute shall be arbitrated in accordance with the Commercial Arbitration Rules of the AAA. All arbitration fees are to be paid *pro rata* by the parties.

The MBE or WBE must copy the City on the Demand for Arbitration within 10 business days after filing with the AAA. The MBE or WBE must copy the City on the arbitrator's decision within 10 business days of receipt of the decision. Judgment upon the arbitrator's award may be entered in any court of competent jurisdiction.

XI. Equal Employment Opportunity

Compliance with MBE and WBE requirements will not diminish or supplant equal employment opportunity and civil rights provisions as required by law related to Proposer or contractor and subcontractor obligations.

A. INSURANCE TO BE PROVIDED

c) Contractors Pollution Liability

When any remediation work is performed which may cause a pollution exposure, Contractors Pollution Liability must be provided covering bodily injury, property damage and other losses caused by pollution conditions that arise from the Activity with limits of not less than \$1,000,000 per occurrence. Coverage must include completed operations, contractual liability, defense, excavation, environmental cleanup, remediation and disposal. When policies are renewed or replaced, the policy retroactive date must coincide with or precede start of work on this Agreement. A claims-made policy which is not renewed or replaced must have an extended reporting period of two (2) years. The City of Chicago is to be named as an additional insured.

e) Property

The Licensee is responsible for all loss or damage to City property at full replacement cost that results from the Activity.

The Licensee is responsible for all loss or damage to personal property (including materials, equipment, tools, vehicles and supplies) owned, rented or used by Licensee ("**Personal Property**").

B. ADDITIONAL REQUIREMENTS

The Licensee must furnish, or cause its contractors or subcontractors to furnish, to the City of Chicago, Department of Fleet and Facility Management, 30 N. LaSalle, Room 300, Chicago, IL 60602 original Certificates of Insurance, or such similar evidence, to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or

such similar evidence, if the coverages have an expiration or renewal date occurring during the term of this Agreement. The Licensee must submit evidence of insurance on an Insurance Certificate Form prior to execution of this Agreement. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements in this Agreement. The failure of the City to obtain certificates or other insurance evidence from Licensee (or its contractors or subcontractors as applicable) is not a waiver by the City of any requirements for the Licensee to obtain and maintain the specified coverages. The Licensee shall advise all insurers of the Agreement provisions regarding insurance and the nature of its use of the Property. Non-conforming insurance does not relieve Licensee of the obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of the Agreement, and the City retains the right to order Licensee to cease all activities on the Property until proper evidence of insurance is provided, or the Agreement may be terminated.

The Licensee must provide prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

Any deductibles or self-insured retentions on referenced insurance coverages must be borne by Licensee.

Licensee hereby waives and agrees to require their insurers to waive their rights of subrogation against the City of Chicago, its employees, elected officials, agents, or representatives.

The coverages and limits furnished by Licensee in no way limit the Licensee's liabilities and responsibilities specified within the Agreement or by law.

Any insurance or self-insurance programs maintained by the City of Chicago do not contribute with insurance provided by the Licensee under the Agreement.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

If the Licensee maintains higher limits than the minimums shown above, the City requires and shall be entitled to coverage for the higher limits maintained by the Licensee. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

If Licensee is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

The Licensee must require all subcontractors to provide the insurance required herein, or Licensee may provide the coverages for subcontractors. All subcontractors are subject to the same insurance

requirements of Licensee unless otherwise specified in this Agreement. Licensee must ensure that the City is an additional insured on Endorsement CG 2010 of the insurance required from subcontractors.

If Licensee or subcontractor desires additional coverages, the party desiring the additional coverages is responsible for the acquisition and cost.

Notwithstanding any provision in the Agreement to the contrary, the City of Chicago Risk Management Department maintains the right to modify, delete, alter or change these requirements.

The City of Chicago is not responsible to provide insurance or security for the Property, or any vehicles, materials, equipment other personal property of Licensee or any of its contractors, subcontractors or other agents related to or in connection with the activity of Agreement.

9. **Inspection and Work.** Licensee agrees to carefully inspect, or cause its Agents to carefully inspect, the Property prior to commencing any activities on the Property to ensure that such activities will not damage the Property or any surrounding property, structures, utility lines or subsurface lines or cables. Licensee and its Agents shall take all reasonable safety precautions to ensure that the Activity will not pose a danger to the public or have a negative impact on the neighboring community, including, without limitation, adequately securing the Property throughout the Term. Licensee and its Agents shall perform the Activity in a good and workmanlike manner with due care and diligence, and in accordance with all applicable Laws. Licensee and its Agents shall keep the Property and any adjoining sidewalks and streets free of debris and materials and generally in a clean and safe condition throughout the Term. Licensee and its Agents shall limit their activities to those reasonably necessary to perform the Activity. The City reserves the right to inspect the Activity throughout the Term. If the Activity includes drilling bore holes and underground storage tanks ("USTs") or other items requiring immediate attention are identified during these activities then work must cease and the City of Chicago must be notified immediately. If Licensee or its agent, while advancing exploratory soil probes, penetrates an underground storage tank (UST) that results in a release then Licensee shall be responsible for removal of the UST, reporting the incident to the Illinois Emergency Management Agency (IEMA), associated Illinois Environmental Protection Agency (IEPA) reporting, and remediation of the site in accordance with IEPA Leaking Underground Storage Tank (LUST) regulations. If any bore holes exceed 30 feet in depth, gas levels must be measured at the surface of the borehole. If gas levels exceed the warning level (10-20% of LEL), all drilling and construction activities in the immediate vicinity of the borehole must be stopped. Once the gas meter levels indicate that the methane in the borehole has dissipated or is below the warning level (10-20% of LEL), the construction activities may continue. Any bore holes created as a part of the Activity must be monitored from time to time until it is backfilled. Soil and/or groundwater may be present at the site in concentrations that exceed one or more of the Illinois Environmental Protection Agency's Residential and/or Commercial/Industrial Tiered Approach to Corrective Action Objectives (TACO) Tier 1 objectives. Proper health and safety procedures must be implemented. Neither Licensee nor its Agents shall conduct any activity on the Property that may in any manner injure the health, safety and welfare of the public, diminish the value of the Property, interfere with City operations, or violate any Laws, including, without limitation, any Environmental Laws (as hereinafter defined).

10. **Disposal of Investigation Derived Waste.** If investigation-derived waste ("Waste") is generated from sampling conducted as part of the Activity, and such Waste cannot be returned to the borehole due to the Waste exhibiting visual or olfactory signs of contamination, then the Waste must be containerized and disposed of by the Licensee at a facility properly permitted to accept the Waste in accordance with all applicable municipal, county, state, federal or other statutes, laws regarding the

disposal of said Waste. Disposal by Licensee of any material generated while performing this investigation that cannot be returned to the borehole shall be completed no later than forty-five (45) days of generation. Non-hazardous waste samples will be disposed of at a properly permitted landfill, and any waste from any samples determined to be hazardous shall be disposed of at the proper accredited treatment facility and in full accordance with all applicable laws and regulations. City shall have the right to review the testing results and approve of the disposal facility to be utilized by Licensee and any of its Agents. Licensee and its Agents are responsible for selecting and utilizing only properly permitted and legally authorized disposal facilities (“Disposal Facilities”) and shall not be entitled to rely upon the City’s approval of any of the Disposal Facilities. Only properly permitted Disposal Facilities shall be utilized for any and all disposal in accordance with all Environmental Laws. Licensee shall make available to City upon written request all documentation on all Disposal Facilities possessed by Licensee and shall provide City copies possessed by Licensee of all change of status documents and any notice of violation(s) on any of the Disposal Facilities.

11. **Obligation to Restore the Property.** Upon completion of the Activity, Licensee shall promptly restore the Property to the condition or better existing as of the Effective Date, and shall remove all Personal Property, trash, wastes and debris placed on the Property by Licensee or its Agents. Licensee shall dispose of all trash, wastes and debris in accordance with all applicable Laws, including without limitation, all applicable Environmental Laws (as hereinafter defined). Any Personal Property, trash or debris left by Licensee on or about the Property shall be considered abandoned and may be disposed of in the City’s sole discretion. Licensee agrees to pay for any removal or disposal costs the City may incur. The City shall be reimbursed for all sums it pays in connection with this Agreement. Such reimbursement shall occur within fifteen (15) days of such City payment, with interest accruing from the date of such City payment at the rate of 12% per annum. Licensee shall be responsible for any damage to the Property or any surrounding property, structures, utility lines or subsurface lines or cables caused by the acts or omissions of Licensee or its Agents, including but not limited to, vandalism or misuse of the Property, and shall undertake any repairs necessitated by such acts or omissions.

12. **No Liens.** Licensee shall not cause or permit any lien or encumbrance, whether created by act of Licensee or its Agents, operation of law or otherwise, to attach to or be placed upon the City’s title or interest in the Property. In case of any such lien attaching, Licensee shall immediately pay and remove such lien. If Licensee fails to pay and remove any lien, the City, at the City’s election, may, but is not obligated to, pay and satisfy same, and all sums so paid by the City shall be reimbursed by Licensee within fifteen (15) days of such payment with interest from the date of payment at the rate of 12% per annum.

13. **Reports.** Licensee agrees to promptly deliver to the City copies of all reports, surveys, field data, correspondence and analytical results prepared by or for Licensee regarding the condition of the Property if such documentation is prepared as part of the Activity. If applicable, the City shall have the right to review in advance and approve all documents that will be submitted to the Illinois Environmental Protection Agency (IEPA) under the Site Remediation Program (SRP), as amended or supplemented from time to time, including, without limitation, the Comprehensive Site Investigation and Remediation Objectives Report, the Remedial Action Plan, and the Remedial Action Completion Report (collectively, the “SRP Documents”) and any changes thereto, and the Licensee’s estimate of the cost to perform the Remediation Work. The reports should be sent to the Department of Fleet and Facility Management, 30 North LaSalle, Suite 300, Chicago, IL 60602, Attn: Deputy Commissioner, Kimberly Worthington.

14. **No Representations or Warranties; Release of City Parties.** The City makes no warranties or representations, express or implied, of any kind, as to the structural, physical or environmental condition of the Property or the suitability of the Property for any purpose whatsoever. Licensee, on behalf of itself and its Agents, agrees to enter upon the Property in the Property's "as is," "where is" and "with all faults" condition and at the Licensee's own risk. Licensee, on behalf of itself and its Agents, acknowledges that it is relying solely upon its own inspection and other due diligence activities and not upon any information (including, without limitation, environmental studies or reports of any kind) provided by or on behalf of the City or any of the City Parties with respect thereto. Licensee, on behalf of itself and its Agents, hereby releases, relinquishes and forever discharges the City and all City Parties from and against any and all Claims that Licensee or any of its Agents now have or hereafter may have, whether grounded in tort or contract or otherwise, in any and all courts or other forums, of whatever kind or nature, whether known or unknown, foreseen or unforeseen, based upon, arising out of or in any way connected with, directly or indirectly, (a) the structural, physical or environmental condition of the Property, including, without limitation, the presence or suspected presence of Hazardous Substances (as hereafter defined) in, on, under or about the Property, (b) the condition of title to the Property, including, without limitation, any easements, encroachments, covenants, restrictions of record and not shown of record, and any other title defects; and (c) any entry upon or use of the Property by or on behalf of Licensee or its Agents.

15. **Right to Terminate.** Notwithstanding anything to the contrary contained herein, either party may terminate this Agreement for any reason upon prior written notice of at least five (5) days to the other party. In addition, in the event of any breach of this Agreement by Licensee the City shall have the right to order Licensee to immediately cease all activities on the Property and to immediately vacate the Property until such breach is cured or the City may immediately terminate this Agreement and pursue any and all remedies available at law or in equity. As used in this Agreement, the term "**Hazardous Substances**" shall mean any toxic substance, hazardous material, hazardous chemical or hazardous, toxic or dangerous waste defined or qualifying as such in (or for the purposes of) any Environmental Laws (as defined hereunder), or any pollutant, toxic vapor, or contaminant, and shall include, but not be limited to, polychlorinated biphenyls (PCBs), crude oil, any fraction thereof, or refined petroleum products such as oil, gasoline, or other petroleum-based fuels, lead paint, asbestos or asbestos-containing materials, urea formaldehyde, any radioactive material or by-product material, radon and mold. "**Environmental Laws**" shall mean any and all Laws, permits and other requirements or guidelines of governmental authorities applicable to the Property and relating to the regulation and protection of human health, safety, the environment, natural resources or to any Hazardous Substances, including without limitation, any Laws requiring the filing of reports and notices relating to Hazardous Substances.

17. **Amendment.** This Agreement may not be amended, extended or modified without the written consent of the parties hereto.
